Familiar Scenes

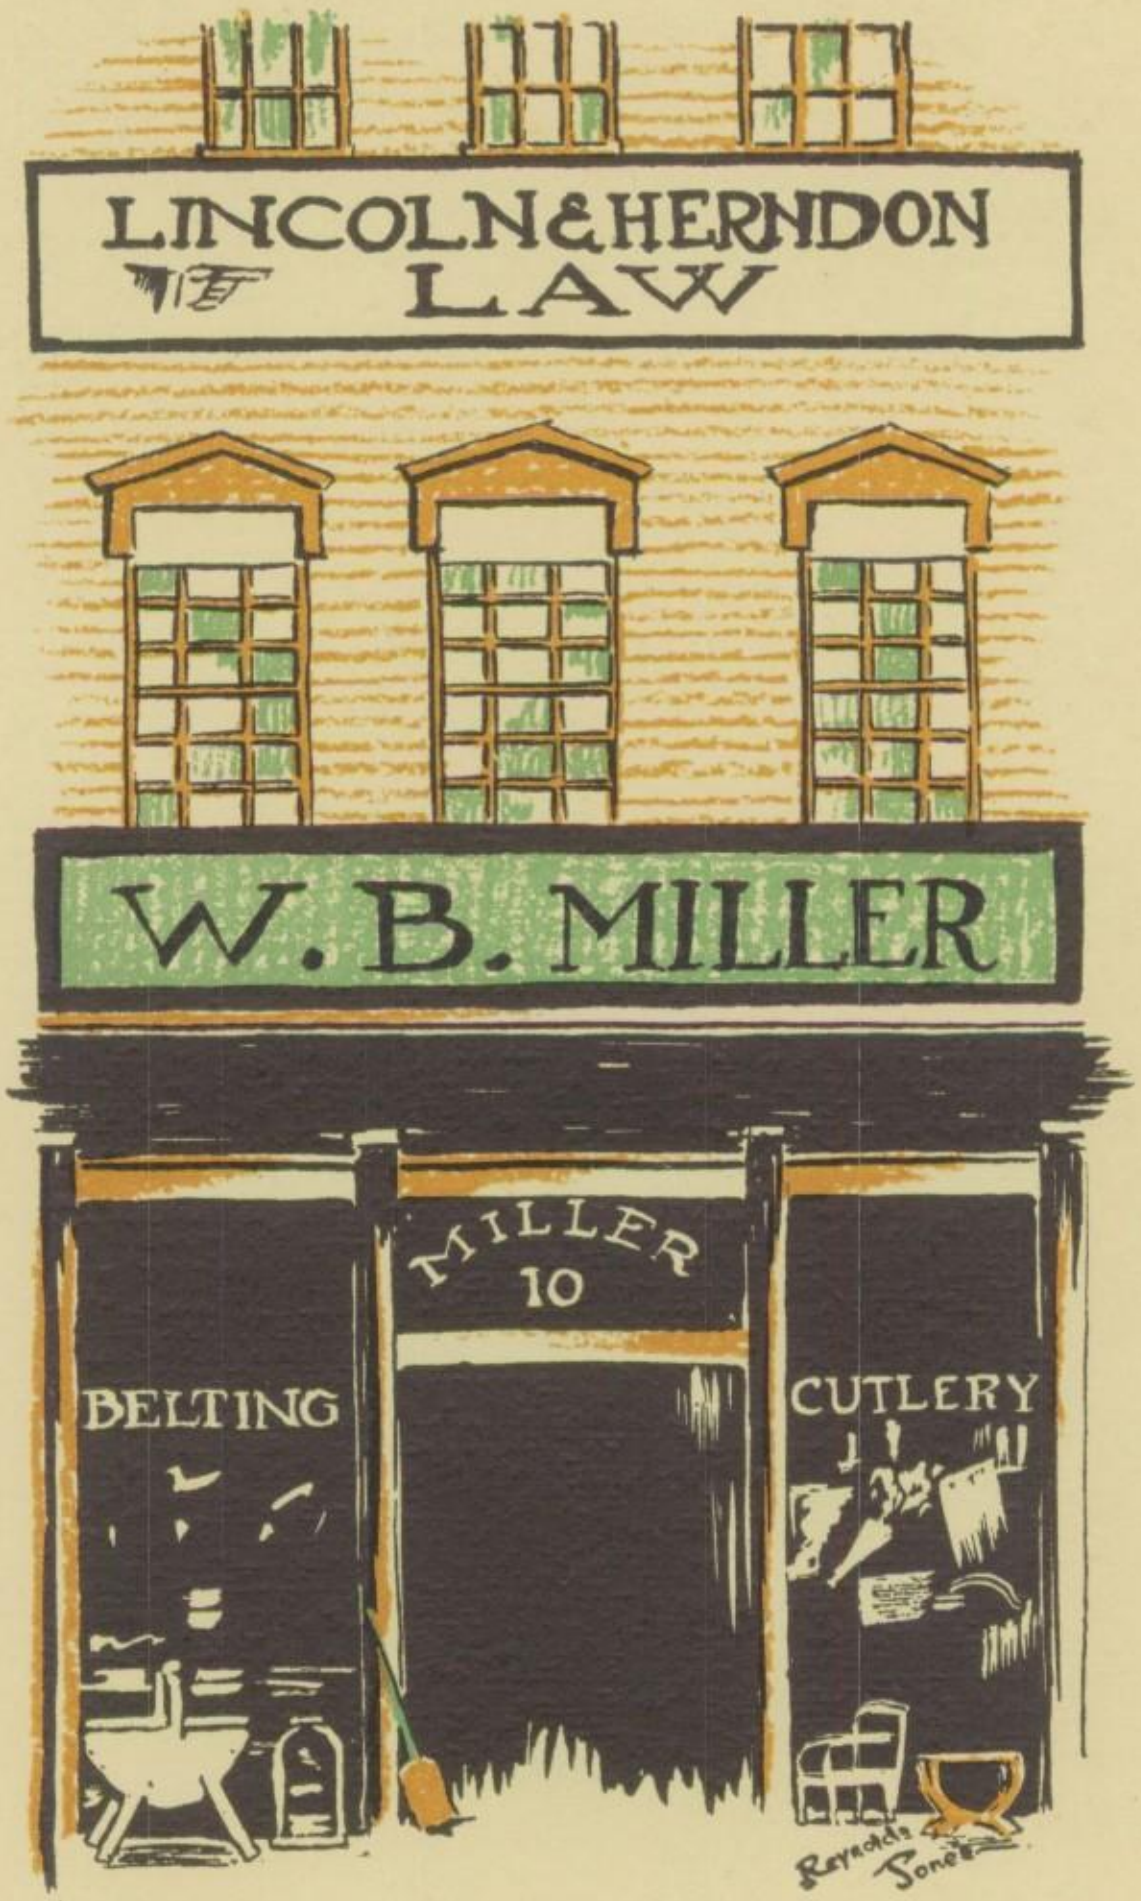
Springfield is full of places where Lincoln lived or worked; the old court house (then the state capitol), his home on Eighth Street, and numerous sites of buildings that he frequented. Some of these are marked with tablets. His law office, over Miller's store, is especially interesting. There he did most of his work, about which he said: "I will study and prepare myself and perhaps some day my chance will come." Bronze tablets are all that remain of many of Lincoln's haunts—bronze tablets and memories.



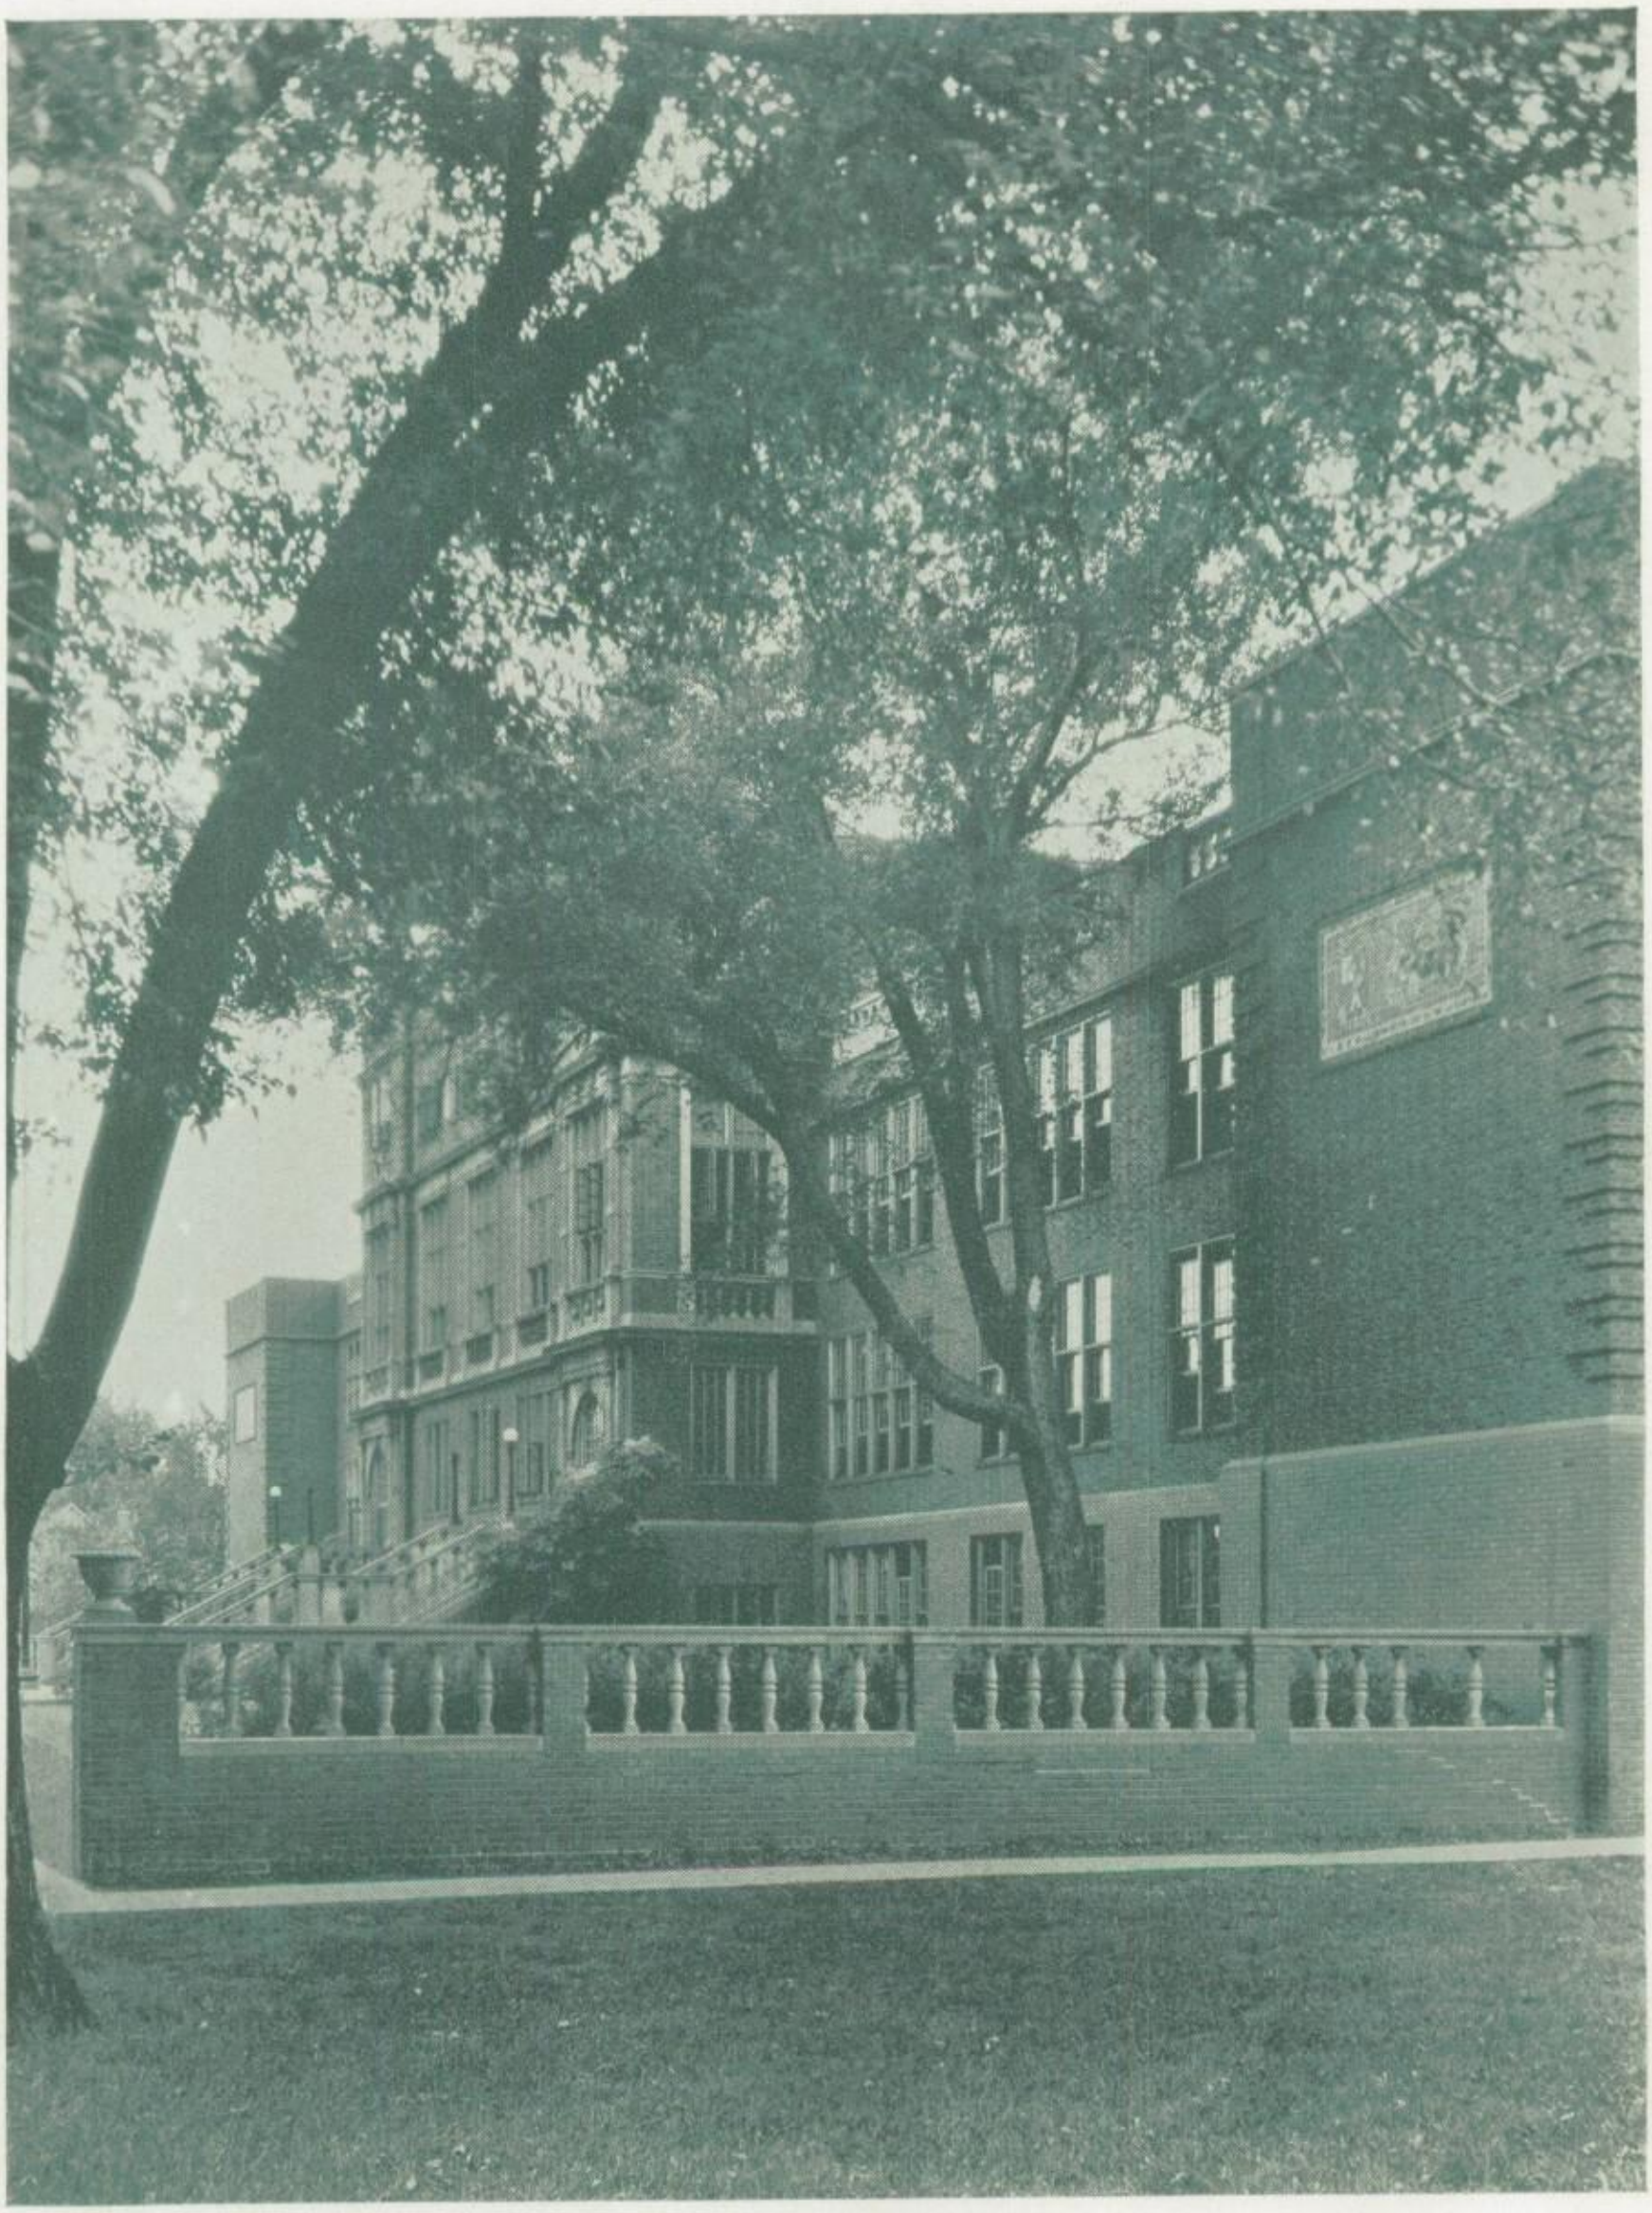
FAMILIAR SCENES

SOUTH SIDE OF CENTRAL

The spell of its old enchantment
Was woven again to subdue me.

MAIN ENTRANCE TO SENIOR HIGH

At the end of each breeze-blurred vista,
She seemed to be watching and waiting.

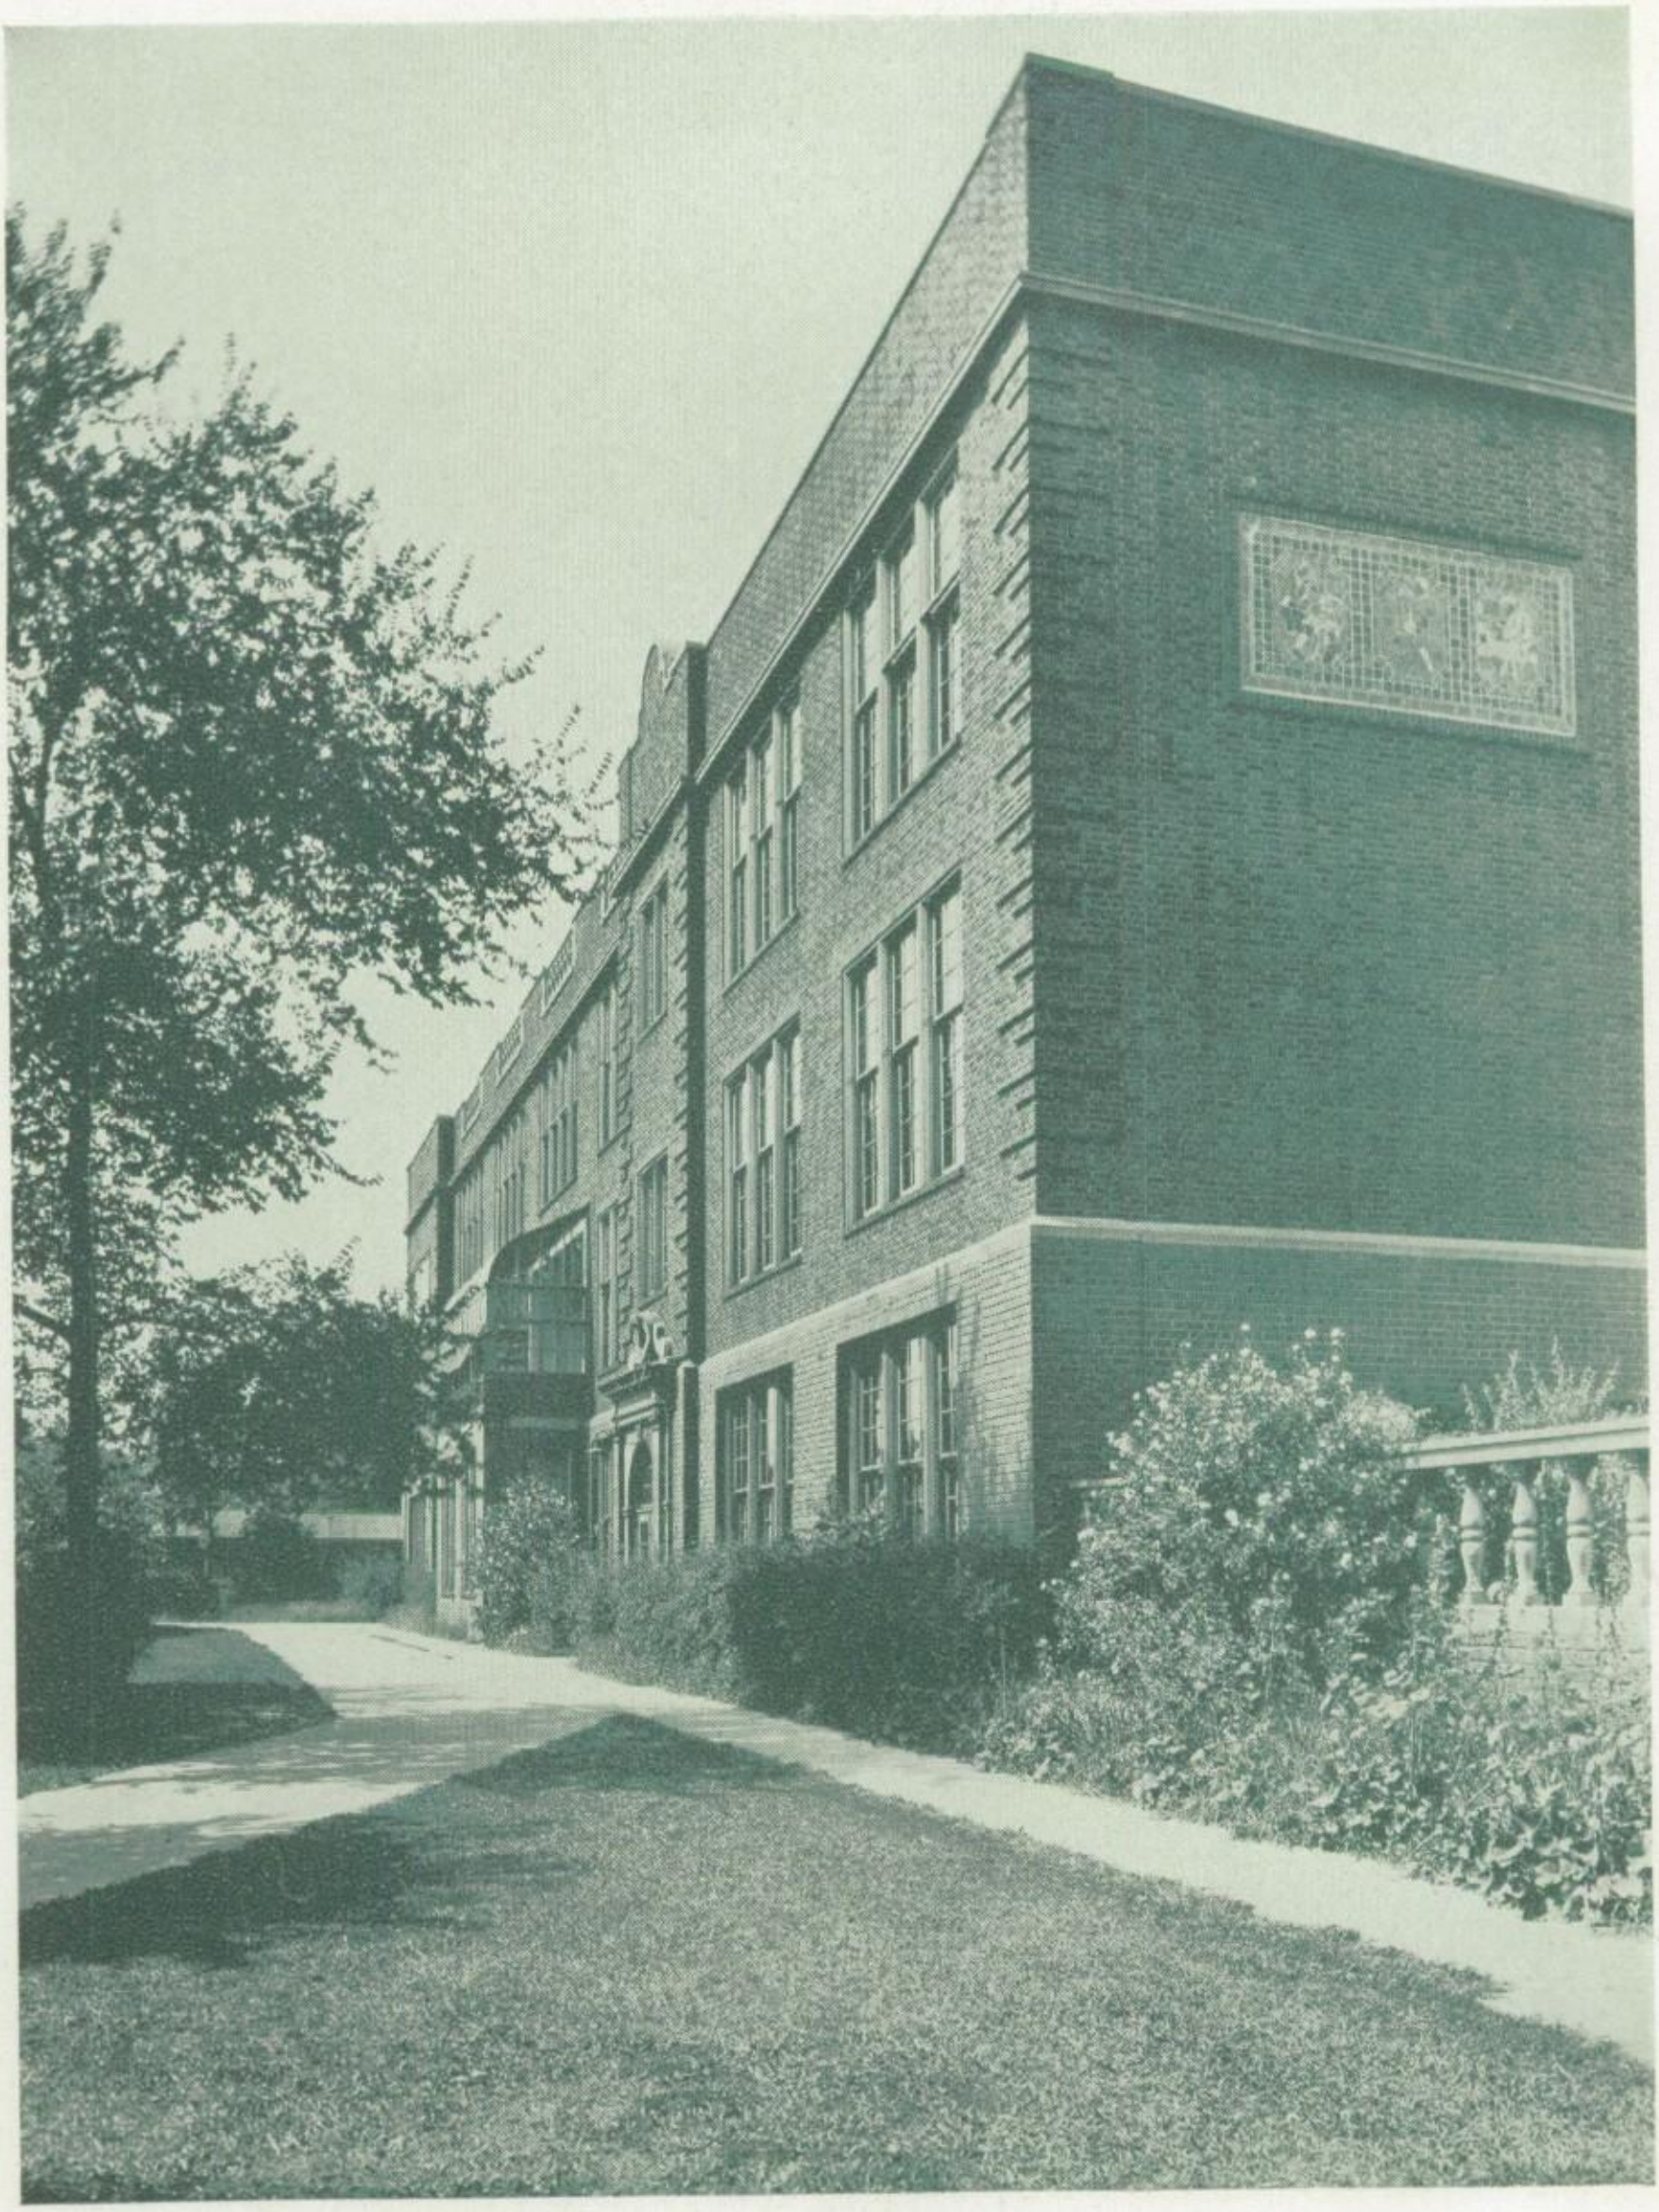


FRONT OF SENIOR HIGH

High in their murmurous arches
The night breeze ruffles by.

NORTH SIDE OF SENIOR

With leaf shadows over her gown
And sunshine gilding her hair.

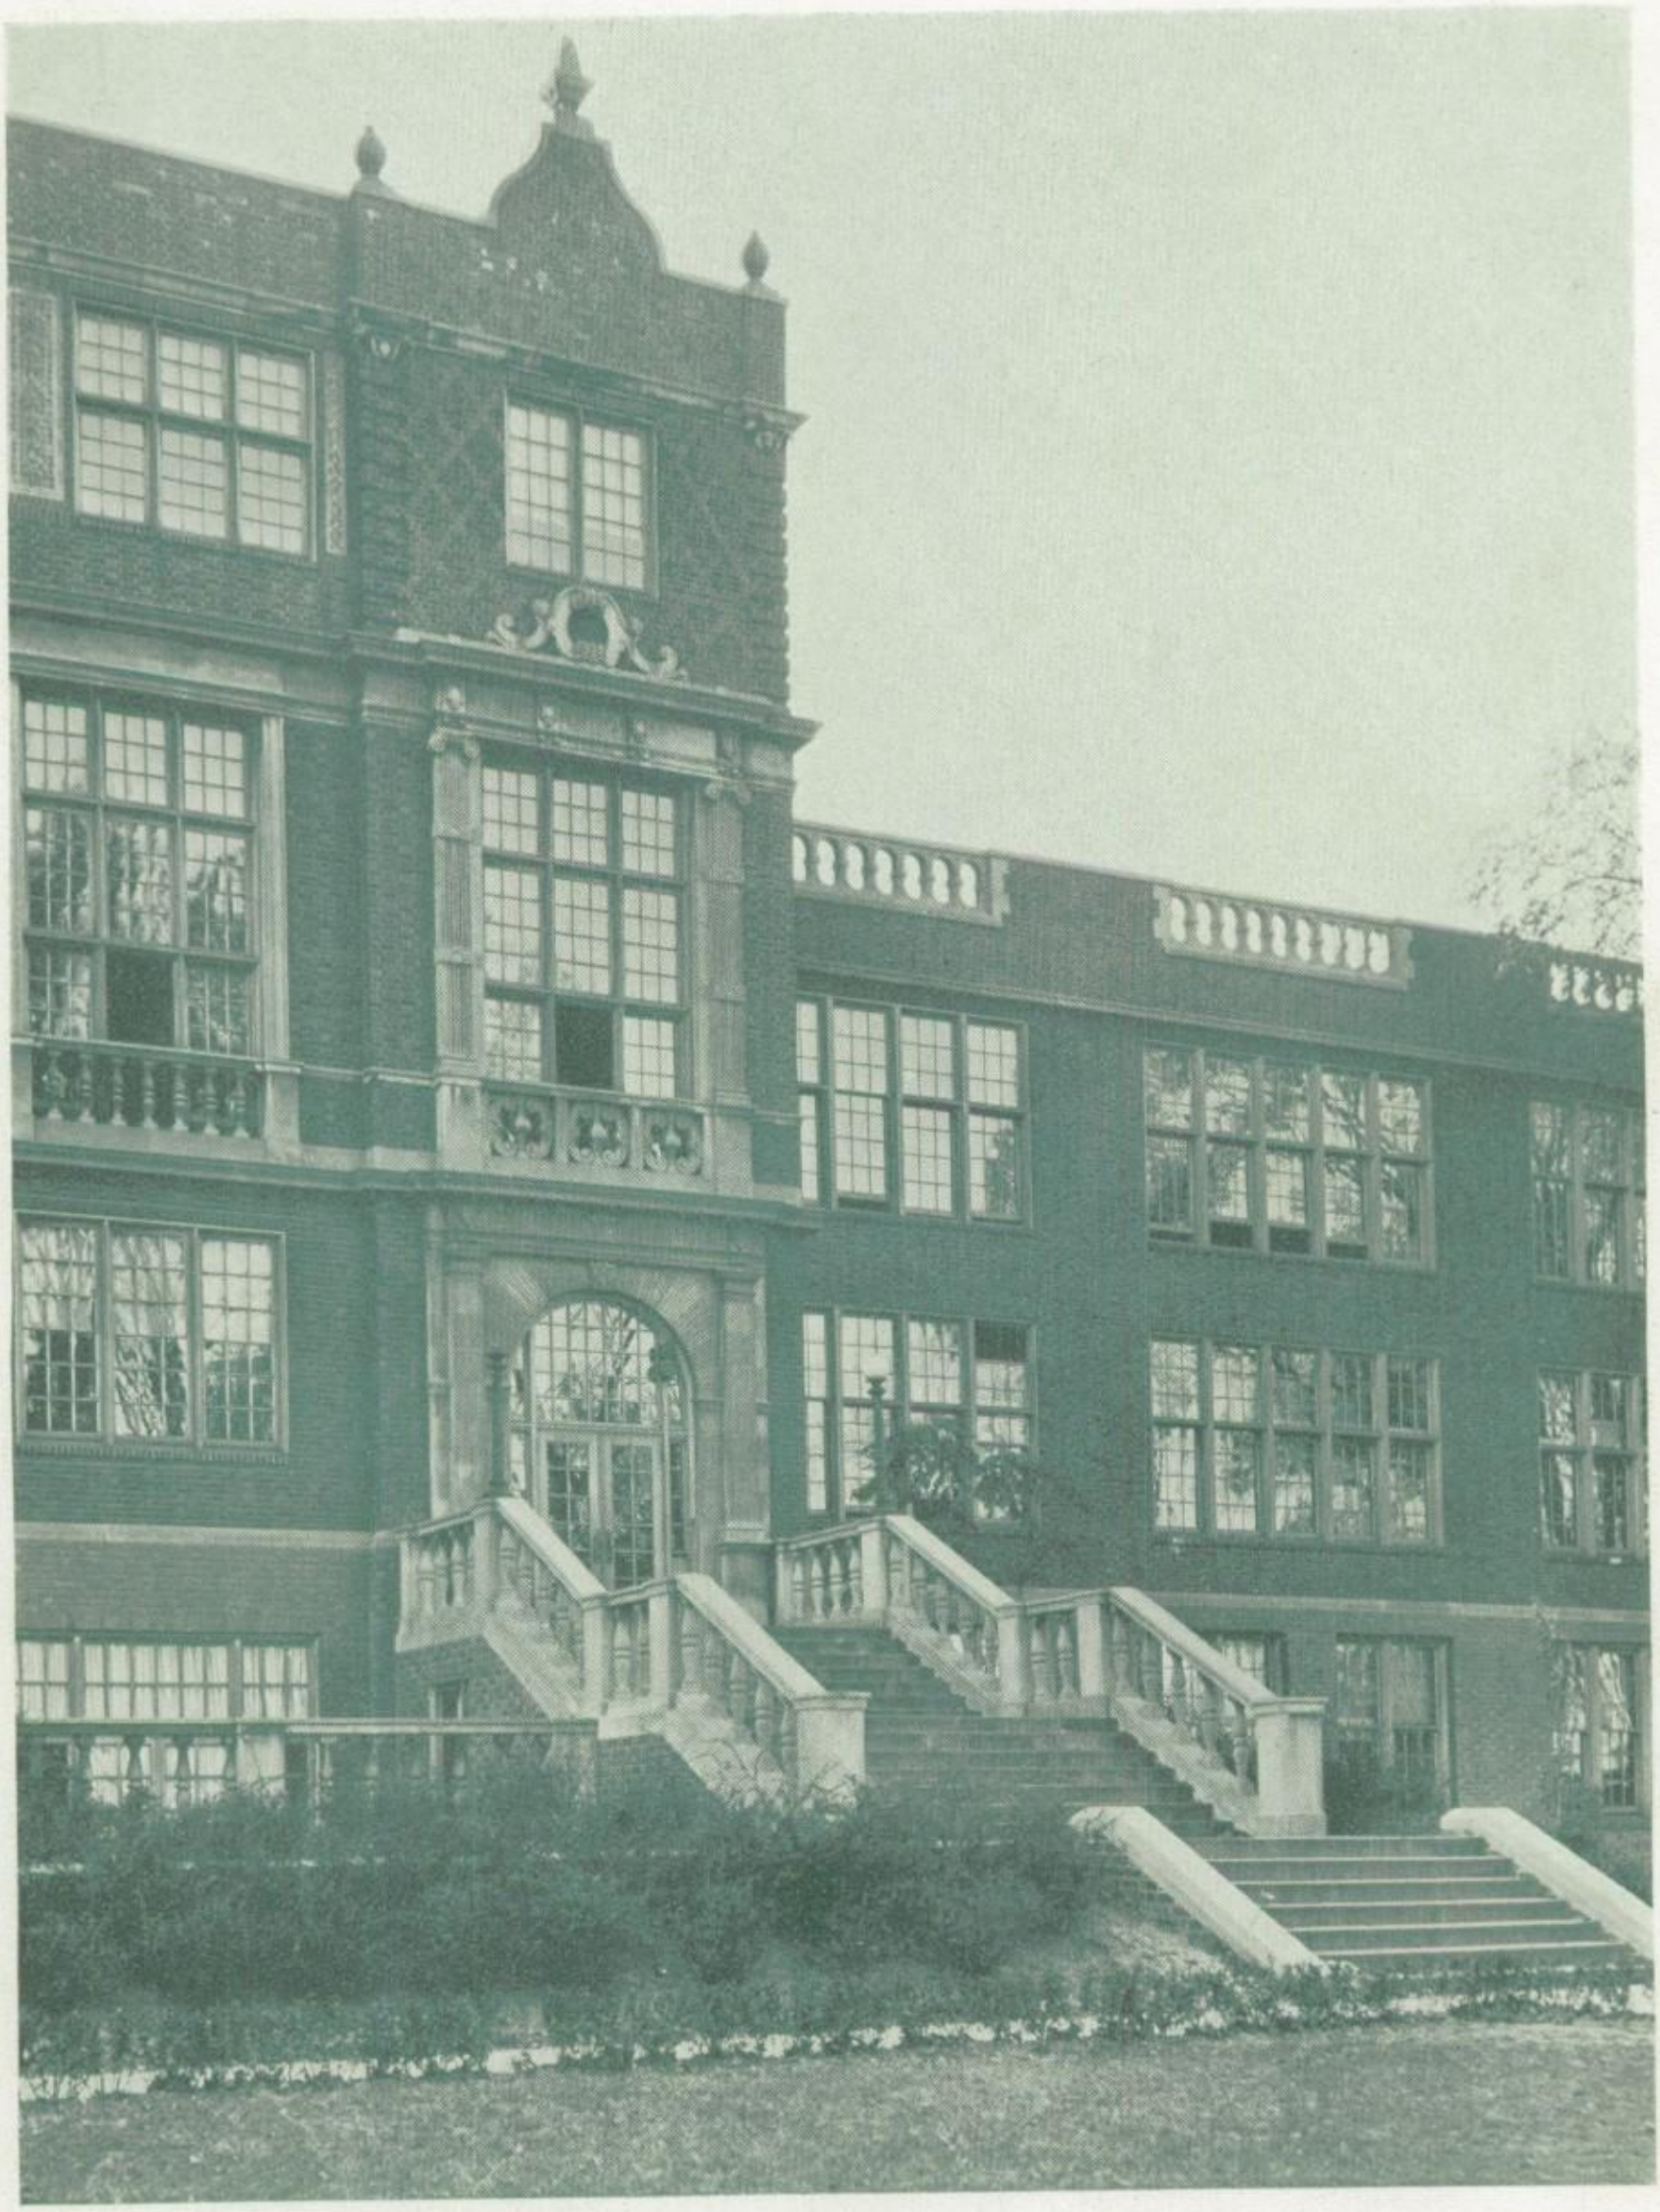


SOUTH SIDE OF SENIOR

With memories frail as the odor
Of lilac adrift on the air.

EAST ENTRANCE OF CENTRAL

With magic of flickering shadows,
Blown branches and leafy stir.



ONE MAIN ENTRANCE

"Like Scenes in Some Enchanted Isle, All Bathed in Liquid Light"

Administration

The Capital of Illinois has been situated in three different cities: Kankakee, Vandalia, and Springfield. It is largely due to Lincoln, the leader of the Long Nine, that this is true, for Lincoln achieved this last shift only through much log-rolling and political activity. It was a good omen that he succeeded in bringing the Capital to him. Years later he lived in another Capital city, and was forced to use all his diplomacy and log-rolling ability there to keep his country together.

ADMINISTRATION

Mr. D. W. McCoy
Principal

DAVIS WENTZ BUNDY KAVANAUGH

Administration

D. W. McCoy, whose hands hold the reins of the entire school, is one of the ablest and best fitted men for his position. Mr. McCoy is liked and admired by students and teachers in the school and by myriads of friends outside our doors. Possessed of a keen sense of humor and a cheery smile, Mr. McCoy is well known for his ability in handling the affairs of our school, both educational and social.

L. K. Davis, the assistant principal, is to be commended for his efficient handling of one of the most delicate tasks in the school, that of discipline. He does his work thoroughly and in a capable manner that is characteristic of him.

Roy A. Wentz, who takes care of registration and guides students along the right course, is well fitted for his position and is liked by all for his fairness.

Miss Dorothy Bundy, of the English department, was appointed dean of girls at the beginning of the second semester and has proved an efficient and capable manager.

SENIOR OFFICE

ATKINS AURELIUS DAVIS TAYLOR

Administration

We are proud of the efficiency of our offices. This is due in a large measure to the four capable young ladies who manage them.

In Central, Miss Aurelius herds the cooties. She is never forgotten and seldom forgets a name or a face.

In Senior, Miss Atkins takes charge of credits and tickets. Miss Taylor handles attendance and Miss Davis the correspondence. All work with characteristic efficiency and dispatch.

The department supervisors divide their time among the public schools of the city. They manage to devote a lot of it to the High School, however. Mr. Kavanaugh directs the shop work, Miss Dickerson the Commercial Department, Miss Chatburn the music work, Miss Cantrall the art, and Mr. Royal supervises physical education.

ART GALLERY

Art

Springfield High School's art department offers two branches of study. The regular art course consists of pencil and color work, sketching, poster work, and wood block work. The other, a course in appreciation, is intended to develop a better understanding of applied arts, such as architecture, color harmony, and house furnishings. It also contains a study of master paintings. A gallery, containing famous reproductions and valuable originals is a feature of this department.

Commercial

The commercial department's object is to equip students in High School for work along all lines of business endeavor. In the bookkeeping classes students are taught the organization of business and the methods of business transactions. In the typing and shorthand classes students are trained for positions in the business world. Both divisions are well equipped and a high standard prevails throughout the department.

BOOKKEEPING CLASS

ENGLISH 72 CLASS

English

Springfield High is justly proud of its English Department. This department is divided into divisions in order to segregate less apt pupils from those able to advance more quickly. It is impossible to describe fully, here, this, the largest of our departments. The student is carefully trained in fundamentals of our language. He then advances to reading and composition courses. In the Senior year a vast variety of specialization courses are open to the student.

Household Arts

Girls who aspire to be housewives (there are entirely too few of them) and girls who desire to become famous as cooks, dieticians, dress designers, interior decorators, and such, both have ample opportunity for preliminary training in the household arts classes. Here everything is taught that should keep the husband satisfied and all the latest styles are explained and mulled over so that the wives will keep an interest in life.

SEWING CLASS

SENIOR LATIN CLASS

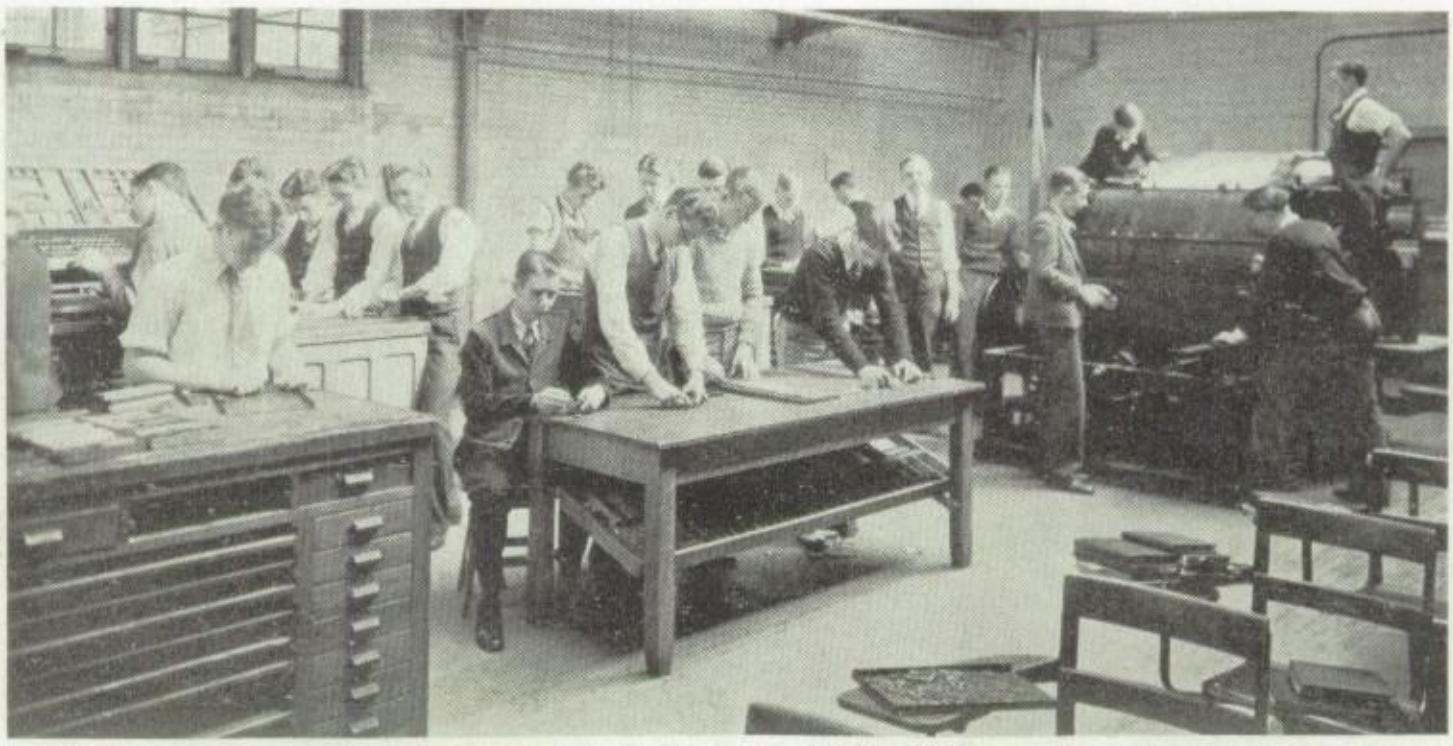
Latin

One of our most modern departments, in regard to teaching methods, is that of Latin. It also offers one of the most difficult yet highly interesting four year courses. The Freshmen and Sophomores read simple Latin stories that tell of Roman life and customs. Gradually the student is led into the more difficult Caesar's Commentaries and Cicero's Orations. In Senior Latin, the student reads Virgil's Aeneid.

Manual Arts

The manual arts department is designed primarily to offer some practical vocational training to fit the high school boy for some industrial field. Classes in woodworking instruct the students in the correct handling of tools and the construction of useful objects. The printing classes print many of the office forms and the "Bulletin." Machine, architectural engineering, and sheet metal drawing are taught to the mechanical drawing classes.

PRINT SHOP



TRIGONOMETRY

Mathematics

Everything that is to be desired in a High School Mathematics Department is to be found in Springfield High School. The elementary branches, Algebra, and Plane Geometry, are taught in the four semesters of the Freshmen and Sophomore years. A course in Advanced Algebra and one in Solid Geometry are offered to Juniors. The Seniors have their choice of Trigonometry, College Algebra, or Senior Arithmetic. A manual by Mr. Barnes, the head of the department, supplements the Plane Geometry course.

Modern Language

With distances constantly decreasing, and with relations with foreign nations becoming ever closer, the importance of a knowledge of some modern foreign language becomes greater. With this in mind the Modern Language Department has been well fitted to give a good foundation for the study of the French, Spanish, or German languages. Not only the fundamentals of the language are studied but also customs and manners of the peoples.

SPANISH CLASS

9[1] CHORUS CLASS

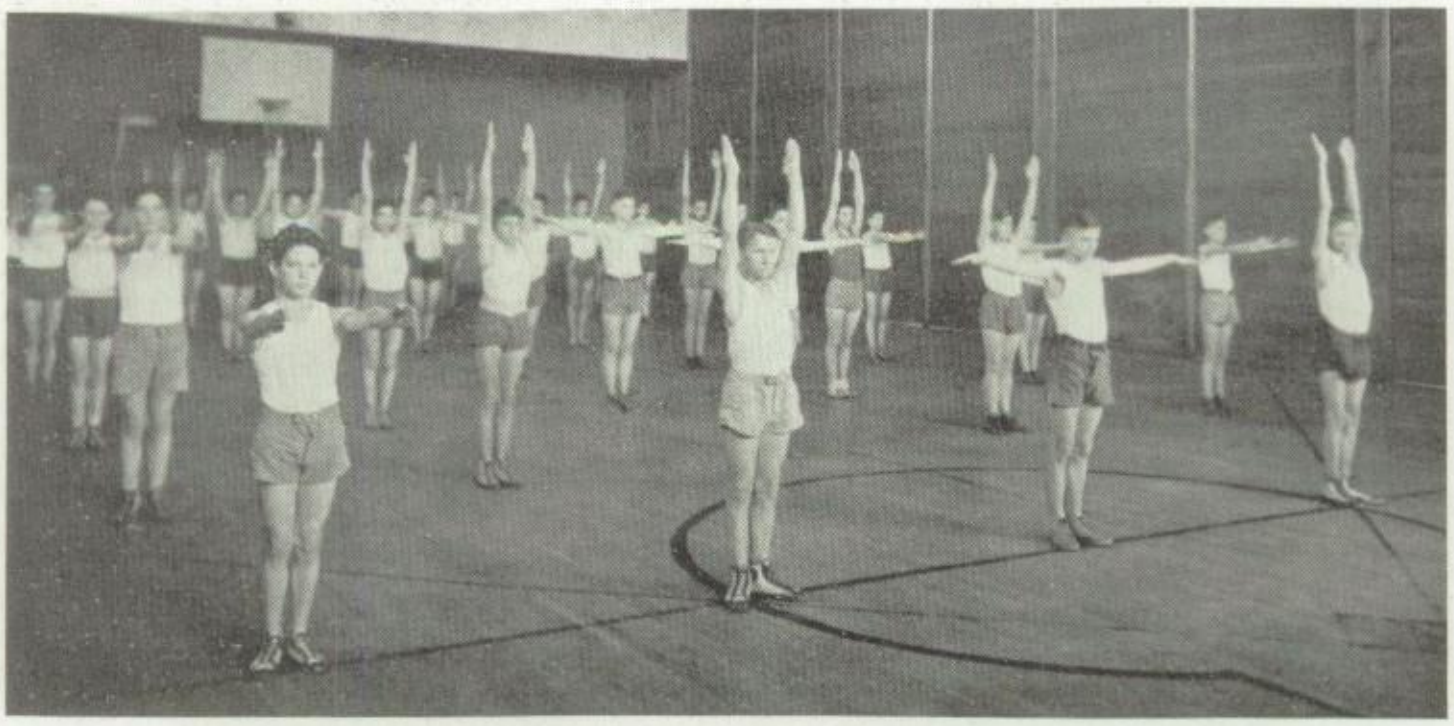
Music

The cultural advantages of all types of musical endeavor are offered to the student in Springfield High. The Orchestra, the Band, and the A Cappella Choir, are all well known in Music Circles. Leading up to these three peaks in their respective fields, are the Prep Band and Orchestra, and the Junior and Senior Choirs. There is a course in Harmony for advanced students. Freshmen and Sophomores are required to take Chorus.

Physical Education

No student can carry his work without a sound body. It is the purpose of the Physical Education department to build this and to instill into the minds of their students principles of cleanliness and healthiness. Two years of this training are required. This is taught in four large gyms, both in Senior and Central buildings. The girls' activities are: corner ball, volley ball, basketball, indoor baseball, gymnastics, and rhythm.

SOPHOMORE GYM CLASS



ZOOLOGY

Science

Every Grade School lad dreams of the time when he can mix things in a test tube and experiment in High School. Upon reaching High School he finds that he can't get out without a year of his dreams so everybody takes it—and nobody regrets it. Science in Springfield High is well taught in an interesting manner. Courses included are: General Science, Physics, Chemistry, Physiology, Botany, Biology, and Zoology.

Social Science

The primary aim of a High School is to make better citizens of its students. The Social Science Department is the nucleus of this endeavor. Students other than College Preps are required to take a course in Community Civics as Freshmen and World History as Sophomores. The College Preparatory student is urged to begin with Ancient and Medieval History as a Sophomore, and finish with U. S. History and either Civics or Economics.

HISTORY CLASS

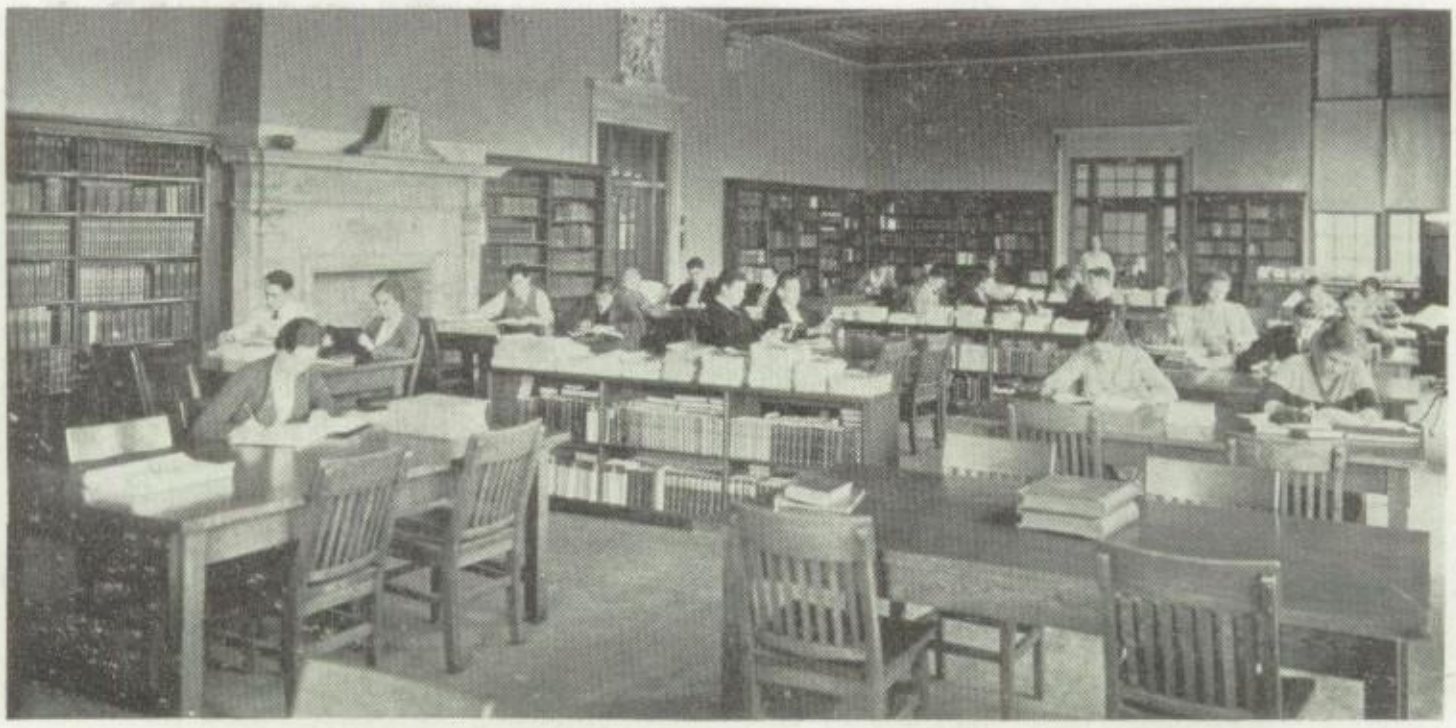
Student Service

There are three very important departments in Springfield High School. These are the Library, the Nurse's Office, and the Study Hall.

In the library one may work during study hours or before or after school. It contains several thousand volumes which are loaned to the teachers to assist in outside reading and to the pupils. The library's collection is constantly being added to. Mrs. Butler is the librarian in charge and has this year been assisted by Mrs. Woodruff.

The nurse's office is also necessary. Here Miss Boswell looks after the health of the school and works over charts and diagrams showing illness and several other things.

The study hall is in charge of Mr. Anderson. Here in peace and quiet students may get their lessons.



MRS. JONES IN HER OFFICE

Cafeteria

Of all the departments of the school none is more interesting to the average student than the High School Cafeteria. Here it is that almost all the students in Springfield High School enjoy their mid-day meal. The school virtually depends on the Cafeteria for its existence. What would a student do during fourth and fifth periods if there was no Cafeteria where he could strengthen mind and body for the afternoon?

The Cafeteria sells clean, wholesome food at the lowest possible price. Every day they feed in excess of fifteen hundred students. There is a wide choice which varies from day to day and everything is as up-to-date as in any city Cafeteria.

Mrs. Bertha Baker Jones is the director and does a fine job of feeding the students of Springfield High School.

THE HIGH SCHOOL CAFETERIA

Classes

Lincoln's aggressive mind was not content with the learning that comes to everyone through ordinary experience. He was continually trying to extend his knowledge, despite the fact that in doing so he consumed much time and effort, sometimes in vain. For instance, he once spent several hours reading Euclid to find the meaning of the word "demonstrate," and then spent several days attempting to trisect an angle, an impossible task geometrically.

February Seniors

Those students of the February graduating class have left us now. Their going was a big loss indeed and bitterly regretted by the rest of the student body.

As a class they were fairly active and were outstanding both athletically and scholastically.

Although the senate is not connected with the February class alone but represents the whole student body, we will here speak of them. They are the governing body of the school elected by the representatives. This year they added one more activity to their list by taking over the assembly programs.

BEEBY, HARRIETT

If you should look up the pictures of the Cantatas of several years ago, you might be able to find therein the countenance of the same Harriett whose picture is herewith printed.

ANTENAN, THERESA

Theresa possibly acquired much of her physical charm by way of the G.A.A. No matter, she has the charm, and other questions are unimportant in comparison.

BENNETT, IMOGENE

Imogene was a member of the Girls' Athletic Association for two years. She was also a Representative during her Freshman year.

AUGUSTINE, BERNICE

Bernice was a member of the G.A.A. in '29, the Elgethans in '29, and the Swastikas in '30. She was also in the May Festival of 1930.

BERMEL, JOHN

John was an outstanding musician of both the Preparatory and Advanced Orchestras. He was Assistant Bank Cashier also.

BAHR, MILDRED

Mildred seems to have a bent for modern languages, especially French, since she is a member of the French Club.

BETCHER, GWENDOLYN

Gwendolyn has been active in the society of the Girl Reserves of which she was a member when a Freshman

BAKER, MARGARET

Margaret has devoted her time to the activities that come generally under the supervision of the different departments as the cantatas and the May Festival.

BLOOM, OCTAVIA

Octavia was an active member of Swastikas all through school of which she was President in '31 and Vice-President in '32, thus showing her popularity. Freshman and Sophomore Cantatas and Sophomore Glee Club indicate her unusual ability.

BANKS, THOMAS

Tom started his music in the Sophomore and Freshman Cantatas but ending in a more serious way in the operas "Sonia" and "Joan of the Nancy Lee." He was a member of the Cafeteria Council and a Representative in 1930.

BACHMANN, HAROLD

Harold proved himself popular as a Representative four years and member of the Senate in '29. He was a member of the Hi-Y '29, '30, '31 (Treasurer '30), and also a member of the cast of "Marriage of Nannette" and "Lucky Jade."

BRADLEY, EDITH

Edith's charming voice helped to drown out the ugly sound of the piano in the Freshman and Sophomore Cantatas and since then she has been a welcome addition to many conversations.

BURT, MARJORIE

Marjorie as a Philo, Intersociety Debater, and a member of the Dramatic Club qualifies herself as being industrious. She was in Rhythm '29, '30, '31, and in the May Festival of '29 and '30.

BUCK, ROGER

Par on the golf course was just another synonym for Roger's usual score, or will be, when par is raised a very few notches. He also sang in two cantatas.

CHURCH, CHARLES

Charles limited his athletics to the playing of Tennis. Specialization makes for perfection, therefore, Charles must be pretty good.

BUCKLEY, CONKLING

Behind the paint and costumes of the hero in the musical comedies of S.H.S. in the past few years, there lurked a brilliant singer. This singer was no other than Conkling Buckley.

CLEM, ARTHUR

Arthur was a member of the Ramblers Club and of the Hi-Y. He was particularly active in Intersociety Vaudeville in '29.

BUDWITIS, ELLEN

Ellen was a member of the G.A.A., the Elgethans, and the Swastikas. She took part in the May Festival and was a member of the Journalism class.

BURRIS, HELEN L.

Helen was a very popular member of the student body as is indicated by the fact that she has twice been a Representative and once a Senator.

COY, RAYMOND

Ray as the hard hitting back of two Big 12 Championship football teams qualifies himself as an athlete superb and a hard fighter. He was a track man and a Senior Representative, showing his versatility.

DAVIS, EDMUND

Ebby was a varsity basketball player in '31, '32, also varsity tennis in '31, truly devoted to basketball since he played with the Freshmen. He was also a Representative in '28, '29, and '30, and popular and active as a Wrangler.

DAVIS, NORMAN

Norman played Freshman basketball in '28 and varsity basketball in '31 and '32. He also sang in the Freshman and Sophomore Cantatas.

DAY, DONNELL

Donnell's ability to draw airplanes made him stand out above his fellows, like Lincoln's story-telling powers made him stand out above his associates.

DECAMARA, DOROTHY

Dorothy's activities were somewhat varied. She participated in the May Festival. She was a member of the Rhythm Class and of the Swastika Girl Reserves.

DEYOUNG, DOROTHY

Dorothy was a singer of note participating in the Freshman and Sophomore Cantatas and a member of the Junior Glee Club. She was in the May Festivals of '30 and '31.

DIEFENBACK, LORENA

Lorena in her youth as a Freshman was very active in school life but in her old age as a Senior, retired to a secluded life of study.

ENGLISH, ASHLEY

Ashley was not active in athletics nor music but he did become a member of the Hi-Y Club in 1930.

FERGUSON, BESSIE

Bessie was one of the class of students who do not cause their teachers to fret and stew over late work. She realized that promptness is always essential.

FIELDS, CHARLES

Charles doubtless is afraid of unemployment and poor jobs, since he has remembered his P. A. all through his High School career.

FOX, IRENE

Irene was a singer of note being in the cast of the "Marriage of Nannette" and a member of the Junior Glee Club. She was also a member of the Philos for three years and of the Quill and Scroll.

GILLOCK, LILLIAN

Lillian never invested the time she should have been studying in dancing or planning her social career; therefore, she made a success of her school life.

Morton was an active society man. He was a member of the Thespians and the Hi-Y and Secretary of the latter club in '31 and '32. He was in intersociety debate in '29.

FRIER, MARGARET

Margaret did not go in for club affairs but was active in the cantatas. She was in the May Festival of 1929.

GRAHAM, LLOYD

Singing was the forte of Lloyd while in school. He was a member of the Junior and Senior Glee Clubs and of the cast of "Sonia." He was also a bank cashier.

FURLONG, WILLIAM

Bill has one talent that may make him famous. He is generally credited with being the best swimmer in the city, and captained the short lived swimming team of S.H.S.

GREEN, VERA

Vera Green's main claim to fame (read aloud rapidly, please) was her fine voice, that made her a member of the Junior and Senior Glee Clubs and of the cast of the "Marriage of Nannette."

GALBREATH, EDWIN C.

Some day a famous surgeon may look back to the happy days when he was a member of S.H.S., and the person will probably be one Edwin C. Galbreath.

HARLOW, FRANCES

Frances was a very active member of the Unity Girl Reserves. She was Assistant Secretary in '29 and Treasurer in '30. She was a member of the choir in both Freshman and Sophomore Cantatas.

GAMMAITONI, RUDOLPH

Rudolph limited his outside activities to the Freshman and Sophomore Cantatas. He was elected a banking cashier in 1928.

HATFIELD, DONALD

Donald was a singer of note. This is indicated by his singing in the Freshman and Sophomore cantatas and being a member of the Freshman Glee Club.

HERRON, EDNA

Edna was a member of the G.A.A. when a Freshman. This would seem to indicate she was something of an athlete. She was in the Freshman and Sophomore cantatas.

HOEHN, JAMES

James believed in the future of printing, and spent much time learning the fine points of the art from Mr. Jabusch, majoring in printing.

HOLZWORTH, JAMES

James particularly was outstanding in agricultural work. He was Vice-President of the Future Farmers in '30 and Secretary in '29. He also sang in the Freshman and Sophomore Cantatas.

HOOD, LILLIAN G.

When the semi-annual recognition assembly came around last winter, Lillian Hood led all the rest in honors. She was a Senator, Representative, and a member of the Senior Girls' Council during her last year at school.

HOWARD, BERNICE

Bernice was a member of the May Festival held in '28 and '29. She was also in the Freshman and Sophomore Cantatas.

HUDDLESTON, RAY

Ray was one of the mainstays of the Golf Team. Ray knows more about putts and drives than several hundred fellows in Springfield High School.

HUNT, JEAN

Jean, a member of the Scholarship Society showed by her outside activities that she didn't spend all her time studying. She was a Representative, Vice-President of the Senior Class, a member of the Drama Class, Junior Glee Club, G.A.A., Thalians, and the Swastikas.

HYNDMAN, HARRY

Harry Hyndman confined his athletic energy to inter-society competition mainly, but he did play on the second basketball team. He was Treasurer of his graduating class also.

JACKSON, EDMONIA

Edmonia leaned toward the newspaper side of school life, being a member of the Journalism Class in 1930. She was a member of the chorus of the cantatas in '28 and '29.

JOHNSON, MARJORIE

When someone is elected Representative, she is immediately set up as a popular girl. If she became a Representative for two years, she is considered very popular. Marjorie was a Representative for four years.

JONES, REYNOLDS

Laddy's ability as an artist cannot be doubted. If you should doubt it, look at the art work in this volume and be convinced.

KING, RAYMOND B.

Raymond was an out standing member of the Future Farmers of America. He was also a Representative during his Senior year and sang in the Freshman Cantata.

KING, ROLLIN

Rollin started his high school career well by being elected Treasurer of his class when he was a Freshman and has kept his standard up well. He was President of the Hi-Y in '32, and active in the Illini Club.

LEAKE, EDITH

Edith was active in vocal music being a member of the Sophomore Glee Club and of the chorus of the Freshman and Sophomore cantatas. She was also in the Style Show of '31.

LOCKIE, CLIFFORD

Clifford is not especially handsome, but he probably knows as many of the fairer sex as anyone. Looks do not make the man, it seems.

LOWER, ARTHUR

The familiar red-head named Arthur Lower helped to make school time easy for his companions by his ready wit. Strangers were entertained by him once, when he sang in the Sophomore Cantata.

MADDOX, MARION

Marion was an active member of the Elgethan Girl Reserves. She also sang in the Freshman and Sophomore Cantatas.

MAHR, VERNE LARUE

Verne has been a member of the Preparatory Band in 1929 and of the Hi-Y Club. He sang in the Sophomore Glee Club.

MASTEN, JOHN

John was very active in the manual arts department of this school. He was a member of the Radio Club in '28 and '29, and Vice-President in the latter year.

McBRIDE, LUCILLE

Lucille's name could be found in the production of "Lucky Jade," "Joan of the Nancy Lee," and "Sonia" very easily, qualifying her as a talented and well liked member of the Senior Choir.

McCALL, HELEN

Helen started her music career in the Freshman Cantata, then Sophomore Glee Club, then Junior Glee Club, and finally the Senior Choir to end her career in the production, "Joan of the Nancy Lee."

McDONOUGH, IRENE

Irene's activities have been mostly in the field of vocal music. She was a member of the Junior Glee Club in '30, and of the Sophomore Cantata.

McKENZIE, BILL

Bill was president of Senior Class, Varsity Golf '30, '31, State Meet in '31, Big 12 Meet in '30, '31, Wrangler '29, '30, '31, and Vice-President in '31, member of Glee Club and in productions of "Sonia," "Marriage of Nannette," and "Lucky Jade."

METZGER, EDMOND

Ed is an outstanding artist of this school. His work is especially in the field of sign painting. Also he has been a Representative in '28.

MITCKES, EDWARD

Ed never lingered around the school after 3:10. The reason for this (the main reason, that is) was not that he disliked school, but that he worked after school.

MYERS, ROBERT

Bob proves his popularity by being elected Secretary of his class in his Senior year and being an active member of the Delphics. Besides this he was Business Manager of the 1932 Capitoline.

NEWELL, MARIAN

Marian was an active Girl Scout, being a member in '28, '29, '30. She was also active as a singer, being in the cast of "Sonia" and "The Lucky Jade."

NEWMAN, WILLIAM

When William was a Freshman he sang tenor; when he was a Sophomore he sang the bass part. Puzzle. What does he sing now?

O'BRIEN, ADELAIDE

Adelaide was one of our Varsity Debaters and consistently good. She also was intensely interested in Drama, an active member of Thalians, Junior Etude, and G.A.A., and elected Representative in '28.

OCREY, VERN LARUE

Musical shows are becoming more popular every year, and Vern with his experience in High School Cantatas, has a head start over many in that direction.

STALEY, HELEN MARGARET

Helen's voice was a soothing balm to the tortured ears of the singing teacher, who promptly used it in the various operettas. She sang in numerous choirs also.

STARCK, BETTY

This is Betty, folks. She looks like Louise, but she isn't. Betty was a senator once, but singing appealed to her more, so she exerted her voice in most all our singing productions.

STARCK, LOUISE

Louise sang in the "Lucky Jade," "Sonia," "Joan of the Nancy Lee," "The Marriage of Nannette," and in the Senior Choir. The Science Club was also honored by her membership.

THORPE, ALVINA

Alvina has two ambitions. One toward journalism and the other toward athletics. These are reflected in her membership in Quill and Scroll and the G.A.A.

SULLIVAN, CATHERINE

One sure thing you could always say about Catherine was that she was always smiling and represented a most likeable personality to everyone. Catherine sang in two cantatas.

TILLEY, LARUE

LaRue is that red-headed fellow who high jumps and takes the hurdles so fast. He was also a member of the cross country.

SUTHILL, EUGENIA

Eugenia took part in the May Festival when she was a Freshman. It is said that her voice fits perfectly in a poem.

TOWNSEND, NANCY

TUXHORN, HELEN

Helen's abilty can be easily seen by her excellent scholastic standing. Her friends are many and she will be greatly missed.

USUS, FRANK

Frank's name, ladies and gentlemen, is not pronounced useless. It is not pronounced useless because Frank is not useless.

VALANSKY, PAUL

Paul did not bear the vaunted "S" upon his manly chest, nor did his soul burst forth in music for S.H.S., but he helped to keep intact the reputation of the school to produce food men.

VALLETTE, RUTH

Ruth was an exceedingly ambitious and popular girl while in High School. A member of the A Cappella Choir in the production of "Sonia" and "Joan of the Nancy Lee," an active member of the Thalians and the Science Club are a few of her accomplishments.

WALKER, JACK

Jack has been a popular student, as one may see by his election as representative in his Senior year.

WALKER, JUNE

June has been a member of the Orchestra in '29, '30, '31, and '32, and has taken part in the Orch. for Sonia, and Joan of the Nancy Lee. She was a member of the G.A.A. in '28.

WALKER, MARGUERITE

Marguerite has long been a member of the Thalians. She was Secretary at one time. She was also in the Inter-society Vaudeville.

WALKER, THELMA

The finer things of life for Thelma were not to be found in or about a Civic's text book or a school club, so she didn't search very much in such locations.

WALLNER, DOROTHEA

Dorothea's ability to make good grades is known by everyone who has ever been in any of her classes. Dorothea never said anything but what was right, consequently she was well liked by the teachers and students.

WERNER, WALTER

Walter is one of the boys who helps the Band win championships. In 1932 he was a corporal of the Band. He also is in the cast of "It Pays to Advertise."

WILLIAMS, FINNEY

Finney is a real society man. He has been a member of the Wranglers since he was a Sophomore and helped the Wranglers during their athletic meets with other societies.

WESLEY, DOROTHY

Dorothy entered S.H.S. in her Junior year and immediately made a large and growing circle of friends. We regret that she was with us such a short time.

WILSON, CHARLOTTE

Charlotte has been a member of the G.A.A. for three years and has won her "S." She was also president of the Unity Girl Reserves in '31 and vice-president in '32.

Athletics

Men of the soil have never felt the need for exercise in excess of that obtained incidentally in working, but when a man of the soil leaves the fields for other work his body at once cries out its need. Lincoln was a man of the soil before he became a lawyer, and so felt the need for exercise. Wrestling was his earliest artificial work, which he later supplanted with less strenuous sports such as handball and bowling. He also did much riding, but this was not primarily for exercise, but rather for lack of better conveyance.

Football

For the second straight year, Springfield had a successful football season. They did everything that is expected of a Springfield team. They won the Big 12 for the second time; they were conceded to be one of the strongest teams in these heah pahts and they beat Decatur.

Captained by the all-state Collassaco and coached by Bill Roellig, the Red and Black representatives went through the season with but one defeat, and that at the hands of a much stronger school. Needless to say, we are proud of the 1931 football team and wish Mr. Roellig the same success in future years.

Mooseheart Here Sept. 19th

Contrary to custom, Springfield opened the football season of 1931 with one of the hardest games of the season. Consequently it was no great surprise or disappointment to Springfield fans to see their team swamped by Mooseheart 31-0. The Mooseheart aggregation was known to be much stronger than Springfield and those who knew, even in defeat, prophesied that Springfield had a great football team in the making.

Clinton Here Sept. 25

Springfield opened its regular season with a 26-0 win over Clinton. Since the game was almost a duplicate of the 25-6 victory on the same date in 1930, the superstitious took this as a bit of foreshadowing that Springfield would be again Big 12 champion. Mr. Roellig merely sat quiet and said nothing but we imagine that he hid in a corner and chuckled a bit up his sleeve.

IT'S A FAKE MAYBE

Roosevelt Here Oct. 3

Springfield's third straight home tilt was with the highly lauded Roosevelt High of St. Louis, who were subdued 19-12. Springfield was still far from perfection but began to show some of the "click" that characterized the 1930 champions. Glooms who said "wait and see" were greeted with "go and look." Those who knew, began to pound typewriters and prophesied cheerful prophesies and nobody knew yet what "Bill" Roellig thought.

Mattoon Here Oct. 9

The clouds that surrounded the pessimists began to take on a rosy hue when the Roellig-men trounced Mattoon 18-7 in their first Big 12 game. Springfield came through with a well balanced team in offense and defense and proved things that those who knew "had been talking about." It was a cheerful group that gathered around the bulletin board Monday morning and talked about things that football fans talk about.

Streator There Oct. 16

This was Streator's first year in the Big 12 football. Mr. Roellig asked Mr. McCoy if he could take a few boys up and welcome them into our happy group. Mr. McCoy said O.K., as long as the boys all got their Latin. Mr. Roellig told Colassocco to pick ten other fellows to go along because they might want to play a little bit. He did and the Red and Black nearly seared Streator out of the Big 12 with a 31-0 win.

Champaign There Oct. 23

The third straight conference game was with Champaign at Champaign. The pessimists began to talk again and say that the boys would be too sure and would get the beating of their lives. Those who "knew" said that Mr. Roellig would never let them get that way in the first place and that they wouldn't get that way even if they had a chance anyway. The team bore out their statement with a 19-7 victory.

Peoria Central Here Oct. 31

By this time in the season all doubt as to Springfield's possibility of a Big 12 championship was dispelled; at least it was in Springfield. A few pessimists, however, still persisted in a dire forecast of an upset. They said that Peoria Central was a good team to do the upsetting. Those who "knew" scoffed a sneering scoff and Mr. Roellig smiled complacently. Springfield won easily 19-6.

Carlinville Here Nov. 7

Springfield's seventh straight victory was with Carlinville to the tune of 10 to 0. Those who "knew" said it was a victory sure and the pessimists had little to say. It was a win but not such an easy one as had been expected. Since it was not a conference game the interest didn't run very high and a large crowd missed a good game.

Lincoln Here Nov. 15

Evidently all the pessimists in town had seen Lincoln nearly beat Springfield in 1930 because everywhere a person turned he was greeted with a "watch out for Lincoln." Those who "knew" set their faces and predicted a win by two touchdowns. As usual Mr. Roellig said nothing. Springfield came through 19 to 7 for the fifth conference win. And now everybody started saving for the Decatur trip.

Decatur There Thanksgiving Day

"Please, Mr. Editor, may I have more space for the Decatur game?" "No!" thundered that irate personage, and so we write it in seventy-five words. Huge crowd at Millikin field; snow on the ground and down our necks—no score—three quarters and still no score—five minutes—Decatur starts a march—a lateral — Larrison intercepts! — 50-60-70 yards—a touchdown!!—did they kick the goal?—who knows!—who cares!! They did—7-0. BIG 12 CHAMPS.

Basketball

The basketball season was neither a great success nor could it be termed a failure. Although the Springfield High School team was well down in the list in Big 12, Mark Peterman pulled them together to win the District and Sectional tournaments and travel to the State games at Champaign.

This paradox is typical of the team all season long. At times they showed class that marked another championship and again they seemed to be the poorest of poor teams. It was just one of those things, and neither the fans nor the coach could explain it. Due to the great number of games played it is an impossibility to give a very comprehensive discussion of the whole season.

After a few practice spurts with some of the smaller towns the season was opened with a game with Harrison Tech of Chicago, a well-balanced, hard fighting team. Springfield came through victorious, 19 to 12, to raise the hopes of the fans.

Only the most optimistic, however, could be cheerful after a defeat at the hands of Athens, 18 to 11, and many a dire prophecy was broadcast.

Springfield then sewed up Carlinville 17 to 15 and people began cheering again, only to mope when it came time for the locals to lose again, this time to Galesburg, 11 to 9. Then came the first real highlight of the season, the defeat of Decatur 22 to 11. This so elated the boys that it started a winning streak in the Pontiac Tourney, Springfield winning two straight, from University High (Normal) 20 to 16 and from Dwight 33 to 19. Johnston City defeated the Red and Black in the semi-finals 24 to 18 but they came back to defeat Fairbury in the consolation 23 to 21. This showing in the tournament cheered both fans and players. The team responded to the crowds' enthusiasm by defeating Mt. Pulaski, 26 to 11, and the ill-fated Jacksonville five, 26 to 21.

They had to make up for this spurt though and did so by dropping two close games in a row, one to Lincoln, 20 to 14, and one to Streator, 14 to 13.

MESTER TRIES A FREE THROW

Then the team began to show life again and defeated Athens, 18 to 16, to even the score, and started, they wouldn't stop until Mattoon and Champaign had been put away, 27 to 12 and 19 to 16, respectively. Next came Peoria Central who tucked her team away to the Red and Black, 33 to 23. As a consequence, Springfield got mad and beat Litchfield 29 to 26. Then Lincoln again. "They can't do it twice," everybody said, and everybody was wrong because they did it, but, we are glad to say with a little more trouble. Score 19 to 16.

Again the Peterman-men worked themselves in a lather and defeated Peoria Central in the return engagement 22 to 10. This evidently wore them out because Decatur came back with a 20 to 18 win, quite a contrast to the score earlier in the season. And now it was time to win one again. Bloomington was the unlucky victim but the S.H.S. let them off easy, 21 to 17. Streator was next on the list and they gave the boys a second drubbing, worse than the first, 28 to 17. There was no doubt about it, Springfield was getting worse.

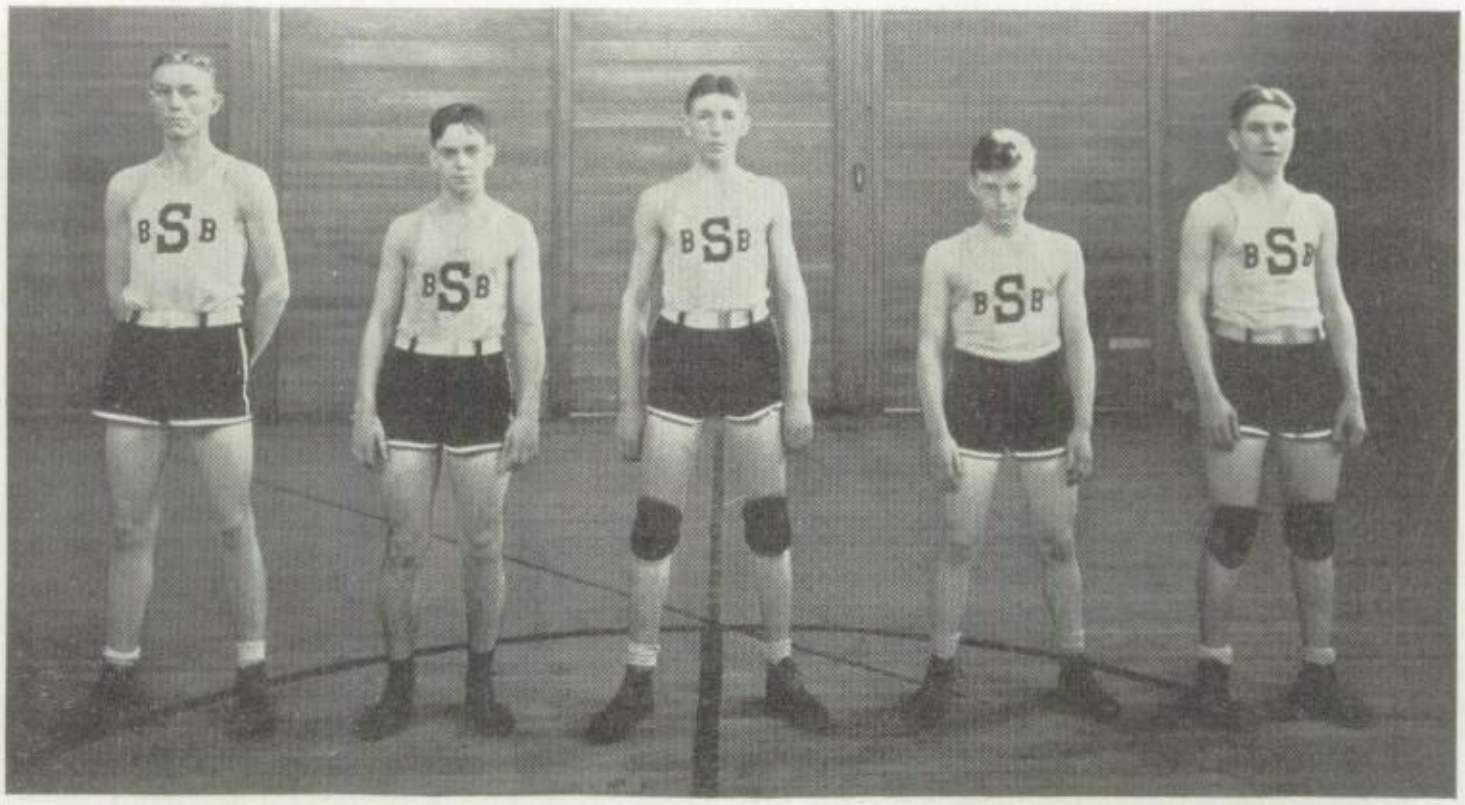
FRAZEE COCHRAN SPRINGER DI GIOVANNA

The tournaments were beginning to be talked up now and a win over Winchester 25 to 13 and a defeat at the hands of the I.S.D. (Jacksonville) were hardly noticed in the speculation as to the winner of the District.

Springfield went in the heavy favorite and emerged the same way. First to fall before the Peterman machine was Pawnee 15 to 7. Next they pushed Farmersville aside 26 to 11 and just wouldn't stop until Virden was humiliated 14 to 8. And here let us mention Springfield High's little brother, Feitshans, under the direction of Carol Hall, the small school is coming right along in an athletic way. In this, their first tournament, they made a good showing despite their early defeat, and promise to be a real contender next year.

HERSHFIELD READY FOR A SHOT



BEARE LEVIS WHITE CRONE ETTLEBRICK

The Sectional too, was not very hard for Springfield. Pittsfield was first and was eliminated 36 to 22. Then for the third time Springfield met Lincoln. The third time was charmed and the locals won 24 to 13. Beardstown, who defeated Springfield for the sectional title in 1930 was humbled as a climax to the season 32 to 13.

That the Red and Black were defeated in their first state game with Canton does not in any way affect the splendid record made in the tournaments. Mr. Peterman deserves the highest of commendation for his work in pulling a seemingly loosely constructed team into a winning organization.

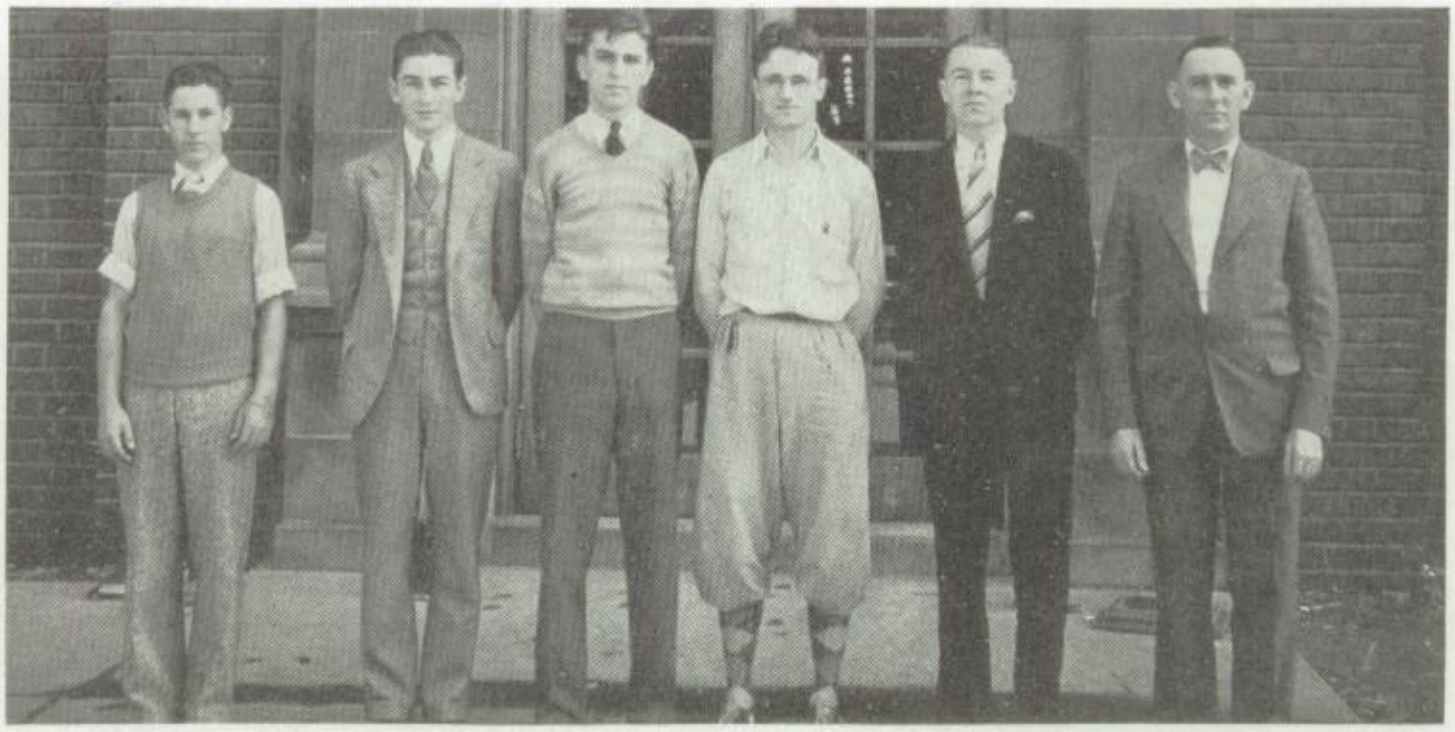
Tennis

Coach Spitale was unable to send out the call for tennis until late in April. The courts had been so wet for the preceding three weeks that no one could play on them. After he sent out the call it started raining again and the courts were in such condition that he was unable to put his men through a single practice. As a result he was unable to weed his men out and pick the team according to their merits. However, he says that the present team is only temporary. Relying on their playing from last year he chose a team of six boys. This team entered the District meet held here May 6.

The team as it entered the District Meet was composed of Tom Gordon, Gail Wanless, Charles Hall, and Harry Sammonds, as singles, while Bob Good and Louis Kienzler were doubles men. Mr. Spitale will repick the team within the next week, but most of the present members will still be on it. Tom Gordon was the outstanding Springfield player in this meet. He played about sixty games Saturday before he was eliminated. In the semifinals, Bennis of Lincoln was his opponent. They played thirty-two games before Bennis defeated him in the third set. To finish this match it took about one and one-half hours. Springfield placed third in this meet, which Lincoln won. None of Springfield's men will go to the State meet, while all of Lincoln's men will go. Because of lack of practice, Springfield's men were inaccurate and lost. In the doubles, Bob Good and Gail Wanless made up the first doubles team, while Louis Kienzler and Tom Gordon made up the second doubles team.

Springfield has only a few meets yet to play. Friday, the 13th, they will journey to Bloomington for the Big 12 Meet, at which they are sure to place, as Coach Spitale has now had time to drill them. Later in the season they will travel to Lincoln and then probably to Jacksonville.



ROBINSON MADDOX SANKEY BURR LASSWELL KAVANAUGH

Golf

The golf team is one of Springfield's mainstays. It can always be depended upon to give a good showing. This year Mr. Kavanaugh issued the call for golfers rather early; however, thirty-six boys reported. This was a very good turnout for the golf team, consisting of only four men, with three members back from last year. These are: Bunn, Sankey, and Maddox. After keen competition and tournament play, Robinson was selected to fill the vacant position.

This year Mr. Kavanaugh is trying a new experiment in order to more accurately judge the boys' abilities as golfers. He is going to have intramural golfing between the Freshmen, Sophomore, Junior, and Senior classes. Six men will be picked from each class to represent that class in matches which will later be made. Only those boys who have been unable to make the varsity team will be eligible to play.

Besides giving Mr. Kavanaugh a good idea of their ability this will prove invaluable to the participants, as it will give them tournament experience.

Springfield won its first match by defeating Lincoln by 40 strokes on 18 holes of golf. This match was played by the medal scoring system. Next they met Feitshans, whom they defeated 12-0. This was played with the point system; that is the winner of 9 holes gets 1 point. In the eighteen holes, if the same player wins both 9 he gets 3 points. The District Meet was held at Jacksonville. Cress Maddox won this with the low score of 75. Bunn failed to qualify by only 1 point. Maddox, who last year took ninth place, has a very good chance to win this meet. Graduation will take only two members of the team, Bunn and Robinson. As a result, next year's team is expected to enjoy a banner year, as has the present team.

GIRLS' "S" CLUB

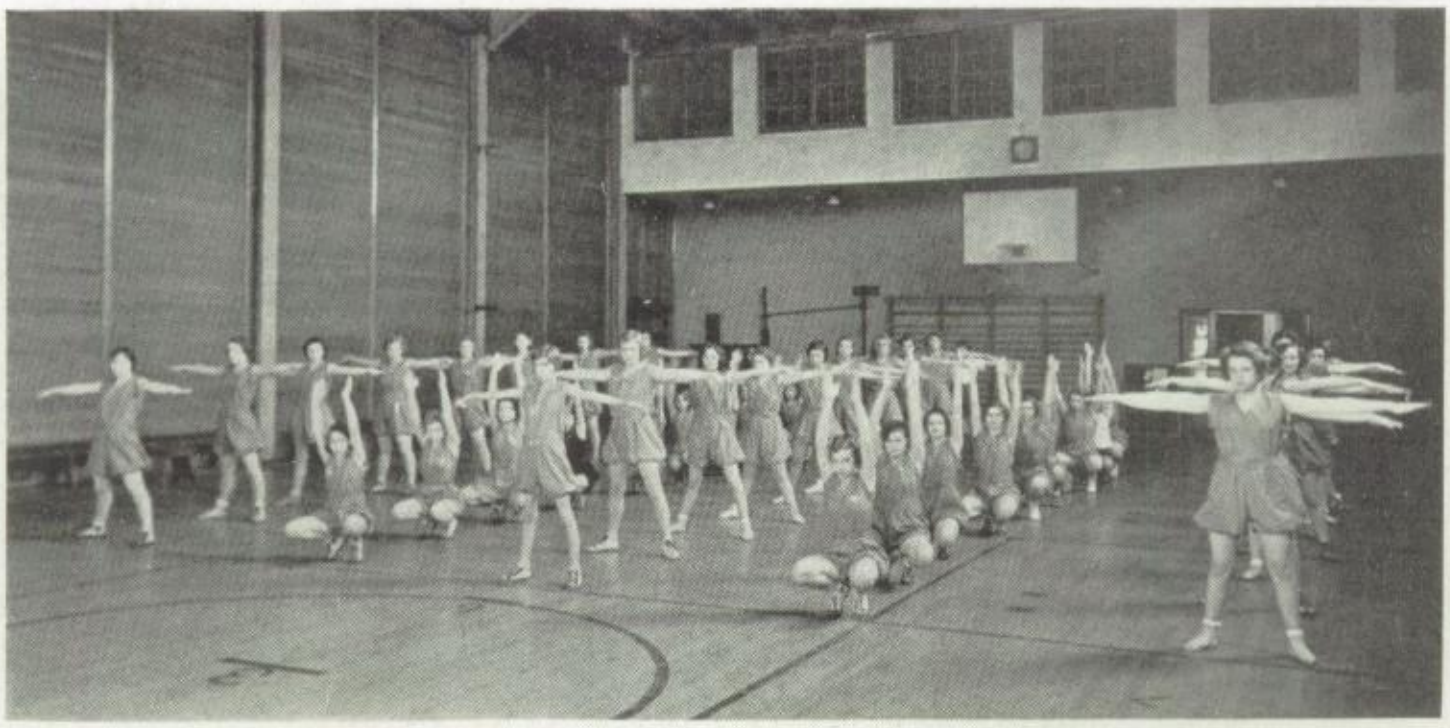
Girls' Athletics

The girls of Springfield are rapidly becoming very efficient in all their sports. They follow the sports calendar almost as closely as the boys. In the fall, volleyball was of outstanding interest. About forty girls played after school. As soon as the fall term was up, basketball became the major sport holding the interest of the girls through the winter. There were thirty girls who came out for basketball. They were taught the handling and shooting of the ball, great emphasis being laid on the latter. The S.H.S. girls had a fine chance of repeating their last year's triumph in the State Telegraphic Shooting Tournament but could not compete because of a misunderstanding about the date. In this tournament the teams stay at home and shoot from various designated positions. The team having the highest score, based on the number of baskets made, receives the award.

As they were not competing in the State Meet a local contest was held and silver basketballs were given to the girls who made all eight baskets from the positions on the floor. Seven received silver basketballs.

In the spring other sports occupy the attention of the feminine athletes of Springfield High School. There are baseball, archery, and tennis, among others which are especially popular.

The feminine athletes of S.H.S. are rewarded for their fine work the same as the boys are. An "S" is given to the girls making a certain number of points during the year. These are supplemented by other awards. About twenty awards were given out this spring. Of special importance is the State awards given by the Illinois League of High School Athletic Associations. The first state award this year was received by two members of the local association, Charlotte Mayfield, and Charlotte Wilson. Helen Schuler earned the highest award given when she received the state emblem. This shows that in the world of feminine athletics Springfield High is indeed more than holding its own and we look forward to the time when the great interest displayed in boys' athletics will be turned as well on girls' athletics.



GIRLS' GYM CLASS

A student of Springfield High School should feel just as proud of the girls who have achieved these honors as of our first place football team or the district champion basketball team.

The girls' athletic department is supplemented by an organization known as the Girls' Athletic Association. Girls interested in athletics belong to this organization and it, indeed, has one of the largest memberships in the school.

The association is controlled by an executive board that meets with the advisor to make plans for the association before they are brought up at the regular meeting. The officers are: Helen Schuler, President; Charlotte Mayfield, Vice-President; and Mary Kulcinsky, Secretary-Treasurer.

HALL HARTWIG LLOYD

Cheer Leaders

This year the student body seemed to back our athletic teams more than they've ever done before. This was probably because we had three cheer leaders. These three took turns "pepping" up the crowd. According to the diminutive Charley Hall it was a big assignment to keep the crowd cheering in unison.

Bob Lloyd was always full of enthusiasm and yelling. In fact he became so enthused at the Springfield-Decatur game that his enthusiasm literally carried him off his feet when he was leading a yell. He landed with a crash much to the amusement of the fans. Bob Hartwig, who has a loud voice, yelled so loud at the games he couldn't hear anyone else. As a result he was always begging the crowd to yell louder and to put more pep in it.

As far as cheer leaders go S.H.S. has had a banner year this year with three good boys. What team couldn't win with such loyal and enthusiastic backers. Whenever the teams were in a pinch the cheer leaders, like seasoned generals, would muster their forces and lead them in a great yell which heartened the downcast team.

Like good generals they did not waste their ammunition but saved it for the critical moments of the battle. In this first year they have acquired a great deal of experience. Next year with the experience already gained we believe that they will be the best cheer leaders in the Big 12 Conference.

Activities

As a stump-speaker, able to catch and hold the shifting whims of a crowd of listeners, Lincoln had few equals. It is admitted that he had a rather poor voice, an unprepossessing appearance, but he was able to feel his hearers and know how to sway them. It is typical of Lincoln that once during one of his famous debates with Douglas a hearer said, "When Judge Douglas spoke, I began to feel sorry for Mr. Lincoln, but, strangely enough, when he began to speak I felt sorry for Mr. Douglas."

Capitoline Staff

The Staff of the 1932 Capitoline wishes to thank the students and faculty of Springfield High School for their friendly co-operation without which the yearbook could not have been published. The book is now before the students and if the pupils of S.H.S. are pleased with its arrangement and general appearance, the Staff will be exceedingly well pleased.

The Journalism classes of the High School publish the Bulletin. They do a good job of it as can be seen by the fact that the Bulletin consistently gets honor rating at the Illinois Press Conference.

This year a new feature has been added, that of an advertising class. This class is taught fundamentals of advertising besides which they solicit ads for the Bulletin.

Varsity Debate

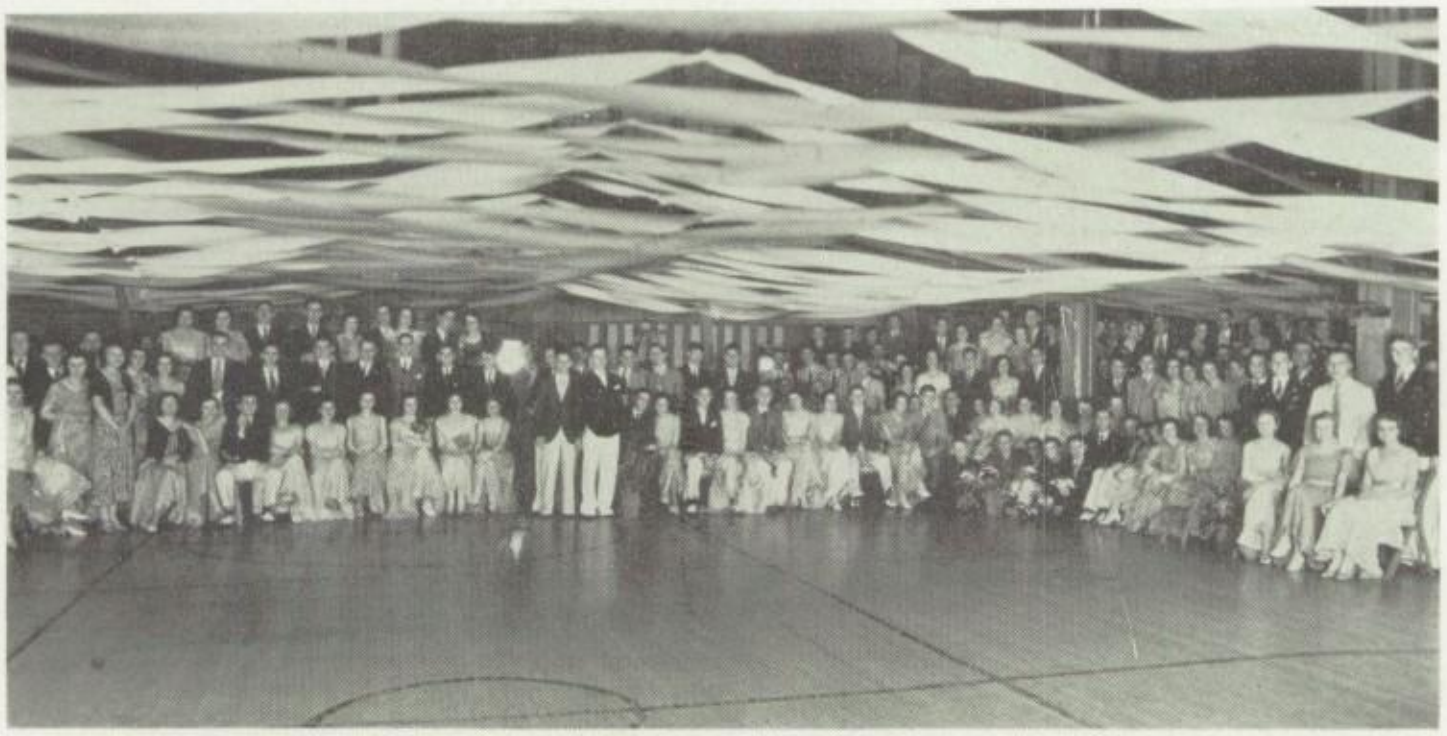
The debaters of Springfield turned out readily at the call along in March. Two teams, an affirmative and a negative, were entered in the Illinois Debaters League and in the Big Ten.

In the Illinois Debaters League the representatives of Springfield High were not very successful. The negative team took part in one debate which it lost and the affirmative team lost two debates. The negative team was composed of: Mullins, Coehn, and Woodard, while the affirmative was upheld by: Bickhaus, Donelan, and Scholes.

In the Big Ten the debaters were somewhat more successful, winning a close match from Decatur. At the present time they are still in the race for the title but are second to Danville. The affirmative team consisted of Allison, Donovan, and Scattergood, while the negative was Hanson, Weber, and Simpson. Miss Ellen Rourke coached the team again this year.

The question was: Resolved that several states shall enact legislation providing for compulsory unemployment insurance.

The teams gained experience in debating this question by opposing each other, just like a first and second squad scrimmage in football. However, the debaters are more evenly matched and have the same attack and defense nearly as the opposition would have in a league debate.



JUNIOR-SENIOR PROM

Prom

As we near the end of this, our Senior year, we hear rumors that the Juniors are preparing a Prom for us of such magnificence as has never before been witnessed at S.H.S. At this we become retrospective and recall to mind last year's Prom. What a Prom!

The dignified Seniors entered the ballroom to be greeted by the melodious rhythm of Art Bensch's Club Orchestra, nearly hidden behind a balustrade of ferns. The room was lighted by a mellow glow issuing from a galaxy of scintillating chandeliers. Walls were draped with dark blue drops, while green and white streamers decorated the regions immediately above their heads. This scene was one of romanticism and unreality.

In this setting about three hundred merry couples danced to the musical strains of the orchestra. Between dances happy couples walked to one end of the room for refreshments.

All too soon it ended and the debonair Juniors departed without a second thought of the Seniors. Slowly the Seniors left with a solemn and sedate demeanour, for this Prom terminated their prep school life. Some would go to college and make a name for themselves in various branches of life, while others would enter business life immediately and later become known as great financiers.

Now this year those who were then Juniors are thinking seriously of the ending of their own school career with the 1932 Junior-Senior Prom.

The annual Prom is a fitting ceremony in that the Seniors initiate the Juniors into their last year as they themselves step out. The occasion is always impressive although it is not a particularly solemn one.

Concert Band

The Springfield High School Band is one of the finest in the state. It won the South Central championship and went to the state, where they made a fine showing, coming in the third division. Several members won awards in this contest.

Senior Class Play

"It Pays To Advertise" says the S.H.S. Bulletin, so the Senior Class of '32 decided to add resonance to the Bulletin's cry by the annual Senior Play. This clean drama of the soap business was put on in fine style on May 20 by a cast of seventeen Seniors, who devoted much time to make the play a success.

Having seen the same play on the two-dimensional stage (the motion-picture screen), the cast avoided the mistakes of the professionals to such an extent that no fault could be found with their performance. This year's play was another link in the long chain of successes produced by Senior classes. Miss Margaret Rourke directed the play and deserves much of the credit and praise. There is still plenty left for the cast, though.

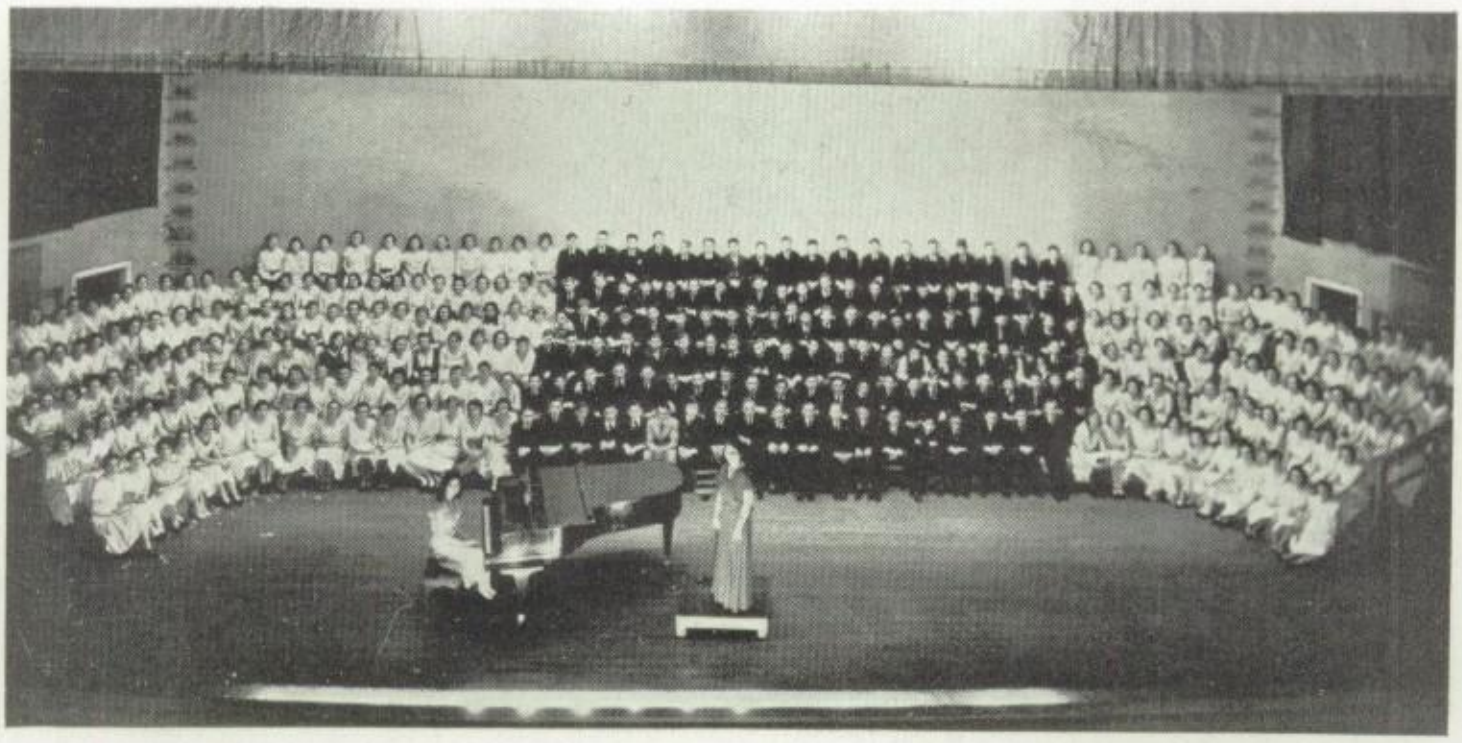
"Joan of the Nancy Lee," an opera, was successfully presented by the Junior and Senior choirs of S.H.S., November 27 and 28.

The scenes were laid on board a pirate ship. Great work was put into the correct presentation of this setting. Mr. E. Carl Lundgren directed the opera and was ably assisted by Horace Fletcher. It can truly be said that Mr. Lundgren turned out another of his masterpieces.



Sophomore Cantata

Four hundred voices in perfect unison thundered through the vast auditorium thrilling hundreds of listeners. It was the twentieth day of December, 1931, and the Christmas spirit inspired the singing.

"The Manger and the Star" was chosen for the annual Sophomore Christmas Vespers by Miss Catherine Curry, who conducted it. All the Sophomore chorus classes united to sing in this cantata and the result was pleasing to those who attended.

Before the cantata proper began, the Double String Quintet introduced the program with a group of traditional Christmas carols including "Adeste Fideles" and "Hark! The Herald Angels Sing."

Inter-Society Debate

"And he has black hair and his eyes are brown, and he is a cute little dog and I like him and . . ."

When we were youngsters in the kindergarten, a classmate who could deliver a speech like the foregoing was comparable only to Dan Webster and Babe Ruth. At our present advanced age much better speeches are expected of us, and in order to inspire us to develop our power to sway a throng with our eloquence, the Parent-Teachers have sponsored an annual institution, known as the "Inter-Society Debate."

This year the six organizations in the school which have consecrated themselves to literature and debate, entered teams in the competition. As usual, only one team won. This year the Philos took unto themselves that honor, thus forcing the Wranglers to take second place. The other societies failed to get any special honors, but they garnered something the others did not. They can "gripe" at the decisions or luck, instead of usual depression or grades.

However, it is not to be thought that any of the societies did gripe to any great extent. The sportsmanship of the competing teams has always been prominent, and it is the hope and belief of those connected with the event that it will always be the same.

The question this year was the usual one for the year—unemployment insurance. The debaters gathered material from the varsity debaters and dug out some for themselves. The experience gained in this competition stood some of them in good stead when they tried out for the varsity. Six of these "made" the varsity and continued their career.

Organizations

Sangamon County sent nine representatives and senators down to Vandalia in 1836 instructing them to try to move the State Capital to Springfield. They succeeded. Such a task required team work and a well-planned and well-directed attack and consequently a capable leader. For this leader the "Long Nine" had one of their largest members, A. Lincoln, a lanky lawyer, six feet, four inches tall, with a great unruly shock of black hair.

Cafeteria Council

Since it is necessary to labor for our daily bread, we have built up a vast organization in the world called society, to facilitate our labor. Society divides the work up, and each one has a task which he must perform in order to eat. Some must pay for food with money earned by labor, and they are the ones which the Cafeteria Council serves. Others labor directly for their food, and they are the members of the Cafeteria Council. The Cafeteria Council seems to be the most important of the two groups, since they are necessary that the others may eat.

Advanced Orchestra

The winning fight the talkies have waged on theatre orchestras has not dimmed the aspirations of the future Kreisler's in Springfield High School, as may be observed when reviewing our Orchestra.

There may be no jobs open for musicians in our land today, but should we forget music, civilization will have lost one of its balance wheels. Therefore, we can only hope that Springfield High School will continue to have an Orchestra until there is no more Springfield High School.

Preparatory Orchestra

The Preparatory Orchestra is the beginning school for would-be members of the Advanced Orchestra. Here those who are interested in music but are not quite good enough for the first orchestra get their training toward the moment when they are promoted to the Advanced Orchestra.

Many talented young musicians are in this group, musicians whose training has not as yet been sufficient to qualify among the select musicians of the school but whose talents demand some attention and whose desire for music must have some outlet.

Senior Girls' Council

When Freshmen come into High School they are sometimes bewildered by the vast expanse of corridor and room through which they can wander. In order to help these poor unfortunates to become accustomed to the bypaths and roads, the Senior Girls' Council has published a guide book entitled "The Red and Black Pilot."

This year the red-shirted girls have decided the Red and Black Pilot is too something or other, and therefore they have set to work to correct it and make it less something or other.

The Senior Girls' Council is composed of the most prominent Senior girls in school. This is largely due to the fact that the most prominent of the Senior girls in the school are selected to become members of the Senior Girls' Council. Thus to be a member of the Senior Girls' Council is not a privilege to be scorned.

Les Bas Bleus

The Les Bas Bleus have again proved they are a decided asset to S.H.S. In the inter-society debate they were defeated only by the Wranglers. They have stimulated interest in refinishing and improving the Housekeeping Suite.

Two clever and successful dances were sponsored by the Les Bas, one a barn dance. The second was a garden party where the atmosphere was most realistically lovely. The Les Bas has attempted more instructional programs this year. Outside speakers well acquainted with their subjects spoke on Art, Modern Literature, and Music. A Mothers' Party and the annual picnic in May brought the year to a close. The advisor this year was Miss Bullard, to whom the club owes much of their success.

Philos

During the past year the Philos have been outstanding in all school activities. The debate team won the Inter-Society debate cup and all members of this team are now members of the Varsity Debate Team.

Two very successful dances have been given, one a football frolic and the other a Mardi Gras Formal.

The club has enjoyed excellent programs all year, the most outstanding being book reviews by Rabbi Snyder, who reviewed "Green Pastures," and Mrs. Vachel Lindsay, who reviewed "Shadows on the Rock." Much of the success of the club has been due to the excellent leadership of Miss Burnett, the advisor, and the willing, eager co-operation of all the girls and officers.

Thalians

The Thalians this year have largely directed their energies toward more entertaining meetings. Several clever plays have been presented, in addition to songs, dances, and instrumental numbers. In the spring, the meetings were supplemented by the Mothers' Tea, the spring picnic, and the Senior Banquet. Several meetings were held at night in the form of card parties.

But outside activities were not neglected. Thalians took part in the inter-society debate. The annual Hallowe'en mask dance met with its usual success and the Beach Hop proved to be a popular and well-attended dance. The latter was a unique experiment in that it was the first school dance to be sponsored by more than one society. The Hi-Y Club co-operating with the Thalians in this feature proved very successful.

Delphics

"More excellenter than good" is the description given of the Delphics by one of their officers. This quotation does not indicate the literary talents of the members but it is said to have the elements of truth in it.

The Delphics were not good at football, but they were excellent losers and sportsmen. They were beaten in inter-society debate, but took the beating like beatings ought to be taken.

The Delphics sponsored two dances during the year, both of which were greatly appreciated by the dance-going group of the student body. The latter of the two dances occurred just before May Day, and terminated the pleasure-seeking of many students until after the high hurdles called final exams, were passed.

The membership of the society, as usual, included a great proportion of the brilliant students of the school.

Wranglers

Among the prerequisites for entrance into the Wranglers, the oldest boys' literary society in High School, is participation in at least three of the many activities of the school. The wisdom of this course is apparent when we look upon their record for the last year.

Inter-society football came into prominence last year and the Wranglers easily were the victors in all of their contests. The heavy line of the victors opened up many holes for their fast backs to slip through and score.

In debate the Wranglers were almost equally successful. They were defeated after a brilliant debate with the Philos in the finals of the inter-society debates. Kanady, Cohen, and Donovan were the lads who upheld the honor of the Wranglers against all oppositions.

Illini

When metals are scraped, they glow with the luster peculiar to all metals, but the more precious metals do not lose their beauty with age, like the base metals do.

The Illini literary society, newest block in the society column of the High School, still emits a metallic luster, but whether it will lose its brightness, or continue to glow during the coming decades, is a question which only those decades can answer.

So far the Illini have not distinguished themselves in any field. They have done better than the average club has during the first year of their existence, and they have a good chance to continue to develop.

French Club

Due to the growing popularity of French in High School the French Club was reorganized last fall. All students who have had one semester of French are eligible and about fifty have become members this year. The meetings are conducted in French and the programs have been carefully planned to combine with interesting entertainment some insight into the customs and history of our friends in France. French songs and games add a colorful touch to the meetings.

Meetings were held on alternate Friday afternoons in the Housekeeping Suite. Much of this year's success is due to the splendid co-operation of the advisors, Miss Mansfield, and Miss Mathews.

Hi-Y

The Hi-Y Clubs are the only organizations in the High School affiliated with non-scholastic national societies, and since this is true, they cannot readily be compared with other High School societies in respect to activities, membership and accomplishments.

Like other of our clubs, the Capital City Chapter of the Hi-Y Club has sponsored one of the year's outstanding social events, its Annual Hallowe'en Party at Camp Glen Olive.

Unlike the other High School clubs (excluding departmental clubs) the Hi-Y have a purpose in existing as a group. Their platform has two planks, good fellowship, and clean living, and on this platform the Hi-Y are seeking to build a race of young men best described by this phrase: "Clean-cut, healthy, and healthful young fellows." Upon the success of the Hi-Y and other clubs of like ambition, depends the future of the world.

Thespians

The Thespians are a group of students in Springfield High whose desire for participating in plays, dramas, and making speeches has not found sufficient outlet in the plays presented by the school.

This club started a little late this year but by vigor and push seem to be making up this deficiency, and besides this handicap they are a relatively new organization in the school. In spite of this, however, there are few more interesting programs than those presented by the drama club. Plays given at the meetings form the chief part of the programs and are very entertaining and very well done. At this time two plays have been given.

Miss Eilers has capably advised the club during 1932.

Lotus Club

The Lotus Club is a newly organized club at the High School, springing from the old L'Histoire Club. Its purpose is to enrich the minds of its members through reading and discussing books and through a participation in the normal social activities of high school girls. To become a member of the club, a candidate must be recommended by an English teacher and must write a theme on a book which has influenced her life. The chief activities of the club are the annual Christmas party given for the needy children of the city and the Japanese tea given near the end of the second semester. In the latter each member brings a teacher and a student as her guests.

Swastikas

The Swastika Girl Reserves are one of the most helpful and generous organizations in school. Their name means "The Keepers of the Fine," and from this one would conclude that their ideals and members were also fine. This falls far short of the mark, however. In the entire school there is no organization that surpasses them in helpfulness and but few that equal them.

The Swastikas took part in the May Festival and Vaudeville held at the arsenal. They gave a play which was very interesting. They have not been socially active. The Girl Reserves are closely connected with the Y.W.C.A. and therefore, receive many of the benefits of this organization. Miss Nelsch, the advisor, has contributed greatly to their success.

Junior Etude

The Junior Etude is a society of musicians, for musicians, and founded by a musician.

The club devotes its efforts entirely to musical entertainments and the improvement of the music in the school. Its membership consists of the school's best musical talent. Its programs are highly interesting. The singers of the club often present vocal numbers while fine outside talent is often obtained from the musical organizations of the city. Talks on the different composers are also often on the program.

The Junior Etude has a small number of members and perhaps for this reason is not as active socially as some other clubs. The Etude is hopeful of developing into a large, important society which will exert its beneficent influences on all music lovers in school.

Future Farmers of America

Farm leaders all over the country have recognized the economic principle that an organized group of buyers can force low prices on sellers unless they too, are organized.

This is the cause of the growth of a co-operative spirit among farmers, which uses as an instrument to bring the older men together, farm youth organizations.

The Four-H Clubs have done much to keep the farm boys and girls working together, and the Future Farmers of America are helping the youths who soon will be raising our food to learn how to grow more and better crops for bigger prices. Because of its vast area and climate, the United States is naturally an agricultural nation, and the Future Farmers of America are trying to train our youths to take advantage of their natural advantages to make farming regain its economic supremacy in this country.

Science Club

Perhaps the most active club in High School is the A. R. Crook Science Club. During the past year the members made numerous trips to various spots of interest, including the Watch Factory, the Pillsbury Mill, coal mines, and the like.

The club interests itself in nearly every branch of science. Biology, Botany, Chemistry, Physics, Zoology, all have their adherents in the roster and all appear in programs drawn during the year.

That the Science Club is the most successful departmental organization of the school is due largely to variety of interesting subjects that the society can choose for study. Trees, birds, rocks, are waiting outside the door for them.

One criticism that may be made of this organization is that it does not make an effort to get the student body interested in its visits or programs. This is merely a minor defect that growth of the club will probably soon eliminate.

Athletic "S" Club

An organization that has no meetings and elects no officers is a rare thing. In fact, some people might say that such an organization does not exist. These people are wrong. Springfield High School has such a group in its social columns, called the "S" Club. Furthermore, this club does more for the fame of the school, for the benefit of the members of the school, and for the treasury of the school than any other club, society or organization.

By winning football games the members of the "S" Club spread the fame of S.H.S. By inspiring little freshies and sophs to expand their chests and get out on the sand lots to play football or baseball, they benefit the boys in respect to their health, and by drawing vast throngs of feminine admirers to the games, where they absorb fresh air, they are a great aid to the health and beauty of our girls.

INSIGNIA OF THE "S" CLUB

The manly beauty of these boys draws so many people to the games that the athletic department charges a small fee to these admirers to keep the number within bounds. Thus the bleachers are always comfortably filled and the treasury of the athletic department can afford to buy the boys new suits (football and basketball suits, not tuxedos).

Girl Scouts

Hikes of all kinds: bird hikes, overnight hikes, star-gazing hikes, feature the activities of Girl Scout Troop 6, the Springfield High School troop, but do not monopolize them. In addition this troop helps the younger troops and does anything that is timely and proper.

The Boy Scouts were started by General Sir Baden Powell to serve as messengers behind the lines, thus, aiding the warriors. Girl Scouts too, are warriors. They fight for healthy bodies and clean and wholesome lives. So far, they have been almost always victorious.

The willingness and eagerness of the Girl Scouts to help anyone in any way they could, has impressed everyone who has come into contact with them. We hope and feel that this characteristic will remain theirs even when the present members are gone.

Unity Girl Reserves

The Unity Girl Reserves is a society of colored girls in S.H.S. In banding together and helping in every way to advance the colored race, this society has done a great thing for the school. They have co-operated with other colored organizations in the city and have lived up to the Girl Reserve code. With this fine example before them the colored boys of Springfield High should also form an organization.

The Unity Girl Reserves have taken part in the vaudeville given in the state arsenal. They gave a very interesting selection of songs and music.

In conclusion we wish to say that to the school the Unity Girl Reserves are one of the most valuable of all the societies.

Features

A lanky, powerful young man stood in the main street of the largest town in the county and looked up and down it. Finally he walked over to Speed's general store and rented a room. This event, so insignificant at the time, probably changed the destiny of the city, of the youth, of the nation, and even of the world, for the young man was Abraham Lincoln, and the city was Springfield.
